The EU Regulations on the Property Regimes of International Couples Ilaria Viarengo, Pietro Franzina, 2020-06-26

This article by article Commentary on EU Regulations 2016 1103 and 2016 1104 critically examines the uniform rules adopted by the EU to deal with the property relations of international couples both married and in registered partnerships. Written by experts from a variety of European countries it offers a comprehensive side by side discussion of the two Regulations to provide context and a deeper understanding of the issues of jurisdiction applicable law and recognition of judgements covered. *Cross-border couples property regimes in action before courts. Understanding the eu regulations 1103 and 1104/2016 in practice* María José Cazorla González, Lucia Ruggeri, 2022 This book has the prime purpose of analysing practice through European and national case law from the entry into force of the Twin Regulations adding hypothetical cases in some of the countries participating in enhanced cooperation that do not yet provide for the direct application of the Regulations and resolving them by basing judgments on private international law. The European family today is diverse and proof of this is the different models and their evolution in recent decades with family relationships being based not only on those constituted by marriage but also on those formed by couples living together in a stable manner.

Marriage, Property and Solidarity in Europe Hannelore Thijs, 2025-12-16 This innovative book examines how patrimonial solidarity between spouses is manifested across various community based and separation based matrimonial property regimes in Europe. Hannelore Thijs demonstrates the complexities of spousal interdependence by analysing key issues including the protection of the family home, debt regulation and the content of the matrimonial property. *Planning the Future of Cross Border Families* Ilaria Viarengo, Francesca C Villata, 2020-10-15 This book is built upon the outcomes of the EU Fam s Project financially supported by the EU Civil Justice Programme and led by the University of Milan. Also involved are the Universities of Heidelberg, Osijek, Valencia and Verona, the MPI in Luxembourg, the Italian and Spanish Family Lawyers Associations and training academies for judges in Italy and Croatia. The book seeks to offer an exhaustive overview of the regulatory framework of private international law in family and succession matters. The book addresses current features of the Brussels IIa, Rome III, Maintenance and Succession Regulations, the 2007 Hague Protocol, the 2007 Hague Recovery Convention and new Regulations on Property Regimes. The contributions are authored by more than 30 experts in cross border family and succession matters. They introduce social and cultural issues of cross border families, set up the scope of all EU family and succession regulations, examine rules on jurisdiction, applicable law and recognition and enforcement regimes and focus on the current problems of EU family and succession law. *lis pendens*, *in third States*, *forum necessitatis*, Brexit and interactions with other legal instruments. The book also contains national reports from 6 Member States and annexes of interest for both legal scholars and practitioners: policy guidelines, model clauses and protocols. *Dictionnaire de droit privé de la famille et lexiques bilingues* France Allard, Centre de recherche en droit privé et comparé du
