There are a number of ways to make this shot but the typical ones involve a combination of all of the aforementioned ingredients. *The SAGE Encyclopedia of Alcohol* Scott C. Martin, 2014-12-16 Alcohol consumption goes to the very roots of nearly all human societies. Different countries and regions have become associated with different sorts of alcohol for instance the beer culture of Germany, the wine culture of France, Japan and sake, Russia and vodka, the Caribbean and rum or the moonshine culture of Appalachia. Wine is used in religious rituals and toasts are used to seal business deals or to celebrate marriages and state dinners. However our relation with alcohol is one of love/hate. We also regulate it and tax it, we pass laws about when and where it's appropriate, we crack down severely on drunk driving and the United States and other countries tried the failed Noble Experiment of Prohibition. While there are many encyclopedias on alcohol nearly all approach it as a
