India's Technology-led Development: Managing Transitions To A Digital Future Vipin Gupta,Samir Chatterjee,Alka Maurya,2023-05-24 The recent disruptions caused by the COVID 19 pandemic have shaken the fundamental foundations of global business to their core creating unprecedented challenges for management scholars and practitioners In addition over the past few decades the general adoption of communication technologies and the evolving trends towards digitalization and Industry 4 0 have revolutionized the way organizations are managed and led Business model innovation and the developing importance of sustainability have also emerged as strategic platforms for all types of organizations Technology led managerial transformation has now become critical for 21st century business This book investigates four approaches in understanding the perspectives for integrating technology with holistic development a Civilizational Approach which integrates cultural historical as well as geographical nuances in a way totally different from the Western positivistic models a Stakeholder Approach which involves moving away from a mere participant or observer role and embracing the Stakeholder role a Knowledge Partnership Approach which lays the foundations of India s technology led development through education training research and talent management and a Strategic Development Approach which unlocks the economic growth and wealth creation potential by keying marketing and branding at the ecosystem level      **Demystifying Scholarly Metrics** Marc W. Vinyard,Jaimie Beth Colvin,2022-02-25 Demystifying Scholarly Metrics gives librarians and faculty the confidence to navigate the maze of scholarly metrics identify quality journals in which to publish and measure the impact of scholarly works Both librarians and professors can be overwhelmed by the bewildering number of scholarly metrics This user friendly book demystifies them helping librarians become familiar with scholarly metrics and giving them the confidence to assist faculty at their institutions It also equips faculty authors with the knowledge to evaluate journals and use metrics to track their scholarly impact Several controversies exist in the scholarly metrics landscape including a disagreement between the proponents of altmetrics and traditional bibliometrics Even more contentious debates are breaking out over predatory journals and open access publishing Authors Mark Vinyard and Jaimie Beth Colvin who successfully launched a faculty publishing initiative explain which aspects of metrics are truly essential to grasp and they place these numbers in context They help readers identify the metrics that are the best fit for their scholarship and give librarians and professors the tools to make smart decisions in this changing scholarly metrics landscape      **Dependence in Buyer-Supplier Relationships** Tobias Mandt,2019-03-01 Organizations frequently rely on the support of external parties to access necessary resources In many cases the resulting buyer supplier relationships last for decades some might even become indispensable for one or both parties in achieving its desired business goals These dependencies between organizations are ubiquitous This book focuses on such instances discussing them in a cumulative manner It begins with an introduction of previous research on the issue

before empirically explaining the emergence of dependencies their different forms of existence and management approaches as well as its development over time This book is of special interest for scholars focusing on dyadic partnerships within the domains of industrial marketing supply chain management or strategic purchasing Practitioners involved in managing long term buyer supplier relationships in goods as well as service oriented industries might find it insightful as well

**5.0** Indrajit Ghosal,Bikram Prasad,Nilanjan Ray,Lalit Kumar Joshi,2024-11-22 This new volume is an essential source of research on how to speed up business growth through technological innovation and knowledge generation The varied topics under the umbrella of sustainable innovation in business include bitcoin as a global currency using smart technology in small and medium enterprises managing disinformation through big data metrics of cloud computing platforms wearable technology social media marketing as a tool in consumer decision making and more The chapters explore using digital transformation as a technology roadmap to set Industry 4 0 strategies choose key technologies decide on projects build an optimized project portfolio while taking risk into account schedule projects and more Taken together the chapters provide a comprehensive view and analysis of technological innovation at the level of business operations including advances in HR that encourage sustainability technology and innovation The chapters help readers to attain methodical empirical and utilitarian goals by providing unique perspectives on innovation It provides tools that make it possible to identify analyze and evaluate the relationship between innovation 4 0 and inspiration that will lead society toward a new economic and social order Information Industry Directory ,2009 Comprehensive directory of databases as well as services involved in the production and distribution of information in electronic form There is a detailed subject index and function service

classification as well as name keyword and geographical location indexes **Handbook of Research on Asian Business** Henry Wai-Chung Yeung,2007 This volume is excellent Students who are interested in Asian business should read it and will find the comprehensive bibliography offered by the different contributors very helpful In light of the recent global financial crises it is time to re examine the Asian miracles as well as the Western models of business organizations and regulations This volume offers great insights not just on Asian business but also on Western economies and business It is also time to adopt an integrative approach recommended by Yeung through comparative research of businesses and economies in different institutions and cultures Yifei Sun Economic Geography An absolute must have for college library reference shelves filled cover to cover with keen analyses that any businessperson seeking to make inroads in an Asian market needs to study at length Midwest Book Review This book serves as an important guide to the many fascinating research questions about Asian business waiting to be addressed The study of Asian business has reached equality in importance to the study of business in Europe and North America Researchers who study any of these regions have an incentive to follow the study of business in the other regions if for no other reason than that many global firms from each region operate in all regions now

Nonetheless the more important reason for knowledge transfer among researchers of each region is that these exchanges can only advance everyone's research. Henry Yeung and the contributors are to be thanked for setting out a rich agenda for research on Asian business that will elevate this study to equality with research elsewhere in the world. Eurasian Geography and Economics. This book is extremely comprehensive and well researched. It will be of particular interest to scholars in the fields of international business, development studies, economic geography, regional studies, as well as international and national policymakers. Science Technology Society. The rise of Asia as an important region for global business has been widely recognized as one of the most significant economic phenomena in the new millennium. This accessible and comprehensive Handbook brings together state of the art reviews of Asian business in an expansive range of areas including business organizations, strategic management, marketing, state business relations, business and development, business policy issues. It is argued that whilst academic studies on Asian business have been in existence for over two decades, there is relatively little systematic integration of our knowledge and research on Asian business. The contributors, drawn from a variety of disciplines within the social sciences, aim to redress the balance with their lively cutting edge discussion. Serving as a timely overview of more than two decades of scholarly research, this Handbook will be an essential resource for academics, students and researchers interested in Asian business.
