## June Question Paper Geography 2013:

**Ethnic Relations in Post-Soviet Russia** Andrew Foxall, 2014-10-03 While the collapse of communism in Russia was relatively peaceful ethnic relations have been deteriorating since then This deterioration poses a threat to the functioning of the Russian state and is a major obstacle to its future development Analysing ethnic relations in the North Caucasus this book demonstrates how a myriad of processes that characterised post Soviet transition including demographic change economic upheaval geopolitical instability and political re structuring have affected daily life for citizens It raises important questions about ethnicity identity nationalism sovereignty and territoriality in the post Soviet space *Global Sustainability, Cultural Perspectives and Challenges for Transdisciplinary Integrated Research* Benno Werlen, 2015-05-28 This book offers new perspectives of transdisciplinary research in methodological as well as theoretical respects It provides insights in the two fold bio physical and the socio cultural global embeddedness of local living conditions on the basis of selected empirical studies from Latin America Asia Africa Australia and Europe The theoretical foundations of ecological research and sustainability policies were developed at the end of the nineteenth century They are largely based on investigations of living spaces and the evolution and differentiation of varied life forms This perspective is embedded in the practical and theoretical European problem situations of the past and lacks social and cultural differentiation The transformation of spatial and natural relations as a result of the globalization process is so radical that new theories are needed to solve 21st century ecological problems Moreover in view of the lack of an ontologically sound and promising strategy for transdisciplinary problem solving as well as an acceptable consideration of the power of cultural schemas relating to natural living s interpretations there is a strong need to focus on sustainable social practices habits and routines rather than on predominantly living spaces or eco topes This book elaborates on the transdisciplinary approach by reflecting on the theoretical heritage and a global perspective of sustainability by focusing on the primary role of a social approach in sustainability research and by putting emphasis on cultural dimension of sustainability It postulates that global sustainability is grounded in a global understanding of our everyday activities

**China's Power and Asian Security** Mingjiang Li, Kalyan M. Kemburi, 2014-11-27 One of the most significant factors for contemporary international relations is the growth of China s economic military and political power Indeed few analysts would dispute the observation that China s power has strongly influenced the structure of the international system major power strategic relations international security the patterns of trans border economic activities and most importantly the political and security dynamics in Asia in the twenty first century This book maps the growth of China s political economic and military capabilities and its impact on the security order in Asia over the coming decades While updating the emerging power dimensions and prevailing discourse it provides a nuanced analysis of whether the growth of Chinese power is resulting in Beijing becoming more assertive or even aggressive in its behavior and pursuit of national interests It also examines how the key Asian countries perceive and react to the growth

of China's power and how US rebalancing would play out in the context of Beijing's political economic and military power China's Power and Asian Security will be of huge interest to student and scholars of Asian politics Chinese politics security studies and international security and international relations more generally *The Limits to Capital in Spain* G. Charnock, T. Purcell, R. Ribera-Fumaz, 2014-02-18 Spain is at the epicentre of a crisis that threatens the future of the Eurozone This book explains the deep historical and structural roots of the current crisis in Spain It analyses the nexus between European circuits of financial capital urbanisation and the emergent dynamics of state austerity and popular revolt

**Our Social World** Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2016-11-30 Inspire your students to develop their sociological imaginations in Our Social World Focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World Model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects **Breaking up the Global Value Chain** Torben

Pedersen, Timothy M. Devinney, Laszlo Tihanyi, Arnaldo Camuffo, 2017-08-18 Recent developments are challenging the traditional separation between advanced and emerging economies as host of knowledge and production intensive activities respectively Authors assess whether the co location of R D and manufacturing is critical for development and innovation

**Rethinking Youth Citizenship After the Age of Entitlement** Lucas Walsh, Rosalyn Black, 2018-03-22 Rethinking Youth Citizenship After the Age of Entitlement provides a primer for exploring hard questions about how young people understand experience and enact their citizenship in uncertain times and about their senses of membership and belonging It examines how familiar modes of exclusion are compounded by punitive youth policies in ways that are concealed by neoliberal discourses It considers the role of key institutions in constructing young people's citizenship and looks at the ways in which some young people are opting out of established enactments of citizenship while creating new ones Critically reflecting on recent scholarly interest in the geographical relational affective and temporal dimensions of young people's experiences of citizenship it also reinvigorates the discussion about citizenship rights and entitlements and what these might mean for young people The book draws on global research and theories of citizenship but has a particular focus on Australia which provides a unique example of a country that has fared well economically yet is mimicking the austerity measures of the United Kingdom and Europe It concludes with an argument for a rethinking of citizenship which recognises young people's rights as citizens and the ways in which these interact with their lived experience at a time that has been characterised as the end of the age of entitlement **The Chinese Constitution of Central Asia** N. Godehardt, 2014-03-21 China's

commitments in Central Asia illustrate how regional foreign policy works and how long standing principles of Chinese foreign

policy might be revised in the near future China's rise has moved Asia which is why it seems that what we have traditionally regarded as the geographic and political scope of Asia might actually considerably change in the near future Nadine Godehardt gives crucial insights into the Chinese expert discourse on Central Asia analyzing how Chinese experts define Central Asia when they talk and write about policy issues related to China's immediate Western neighbourhood In this context she gives an inside perspective on Chinese voices whose meanings are rarely examined in Chinese International Relations studies
