I Am Who I Am Binu Edathumparambil, 2017-01-11 The mystery of God has fascinated people of all generations Based on what has been revealed people have tried to define describe and depict him in the way they deemed fit But he has proved himself to be bigger than all human classifications He continues to reveal himself to us in ways that we sometimes least expect He becomes so small that we can understand and experience him according to who we are and what capacity we have But he is so big that he is beyond all our imaginations and fantasies Author Binu Edathumparambil considers God as an inevitable component in the triangular model of life that he suggests for our lives A healthy and happy life according to Edathumparambil is one that is lived in communion with God and others This book specifically focuses on the mystery of God and his place in the triangular model of life It is about what our forefathers experienced in the past and what we experience today It is also about how our understandings and experiences of God shape our lives as individuals and communities
