Justice Et Fraterniteacute:

Occidental Civilization Govind Sadashiv Ghurye,1948 International Labor Conference ,1922 **English Prose of the Seventeenth Century 1590-1700** Roger Pooley,2014-06-06 This is the first book length history of the range of seventeenth century English prose writing Roger Pooley s study begins with narrative ranging from the fiction of Bunyan and Aphra Behn to the biographical and autobiographical work of Aubrey and Pepys Further sections consider religious prose from the hugely influential Authorised Version to Donne s sermons the political writing of figures as diverse as Milton Hobbes Locke and Marvell cornucopian texts and the writings of the new scientists from Bacon to Newton At a time when the boundaries of the canon are being increasingly revised this is not only a major survey of a series of great works of literature but also a fascinating social history and a guide to understanding the literature of the period as a whole **Report of the Canadian Bar Association** Canadian Bar Association,1915 **The Battle of Verdun** Alan Axelrod,2016-04-01 The Great War ate men machines and money without mercy or remission At the end of 1915 the German army chief of staff Erich von Falkenhayn believed he knew how to finally kill the beast and win the war On Christmas day 1915 Falkenhayn sent a letter to Kaiser Wilhelm II proposing a campaign to demoralize Britain whose industrial might and maritime power were the foundation of the alliance against Germany while also knocking France out of the war He wrote that the strain on France has reached breaking point If we succeed in opening the eyes of her people to the fact that in a military sense they have nothing more to hope for that breaking point would be reached and England s best sword knocked out of her hand His plan was to attack a single point the French perceived as so vital that they would be compelled to throw in every man they have Falkenhayn concluded If they do so the forces of France will bleed to death or as he put it later the French army would be bled white Falkenhayn s target of choice was Verdun a place that throughout virtually all of the history of Europe had been a fortress Located within a loop of the Meuse River it occupied a strategic blocking position in the Meuse River valley As recently as the Franco Prussian War of 1871 Verdun had been the last of the French fortified cities to hold out against the German onslaught After that war it had been vastly augmented so that it was now a circle of detached forts surrounding a central citadel The town of Verdun itself also fortified was likewise encircled by forts distributed in a five mile radius The combined massive complex guarded not only passage through the river valley region but also dominated a key railroad junction leading to points south southwest west and north in France Along with the related but separate Battle of the Somme Verdun was among the most deadly battles in history To understand this struggle is to understand all of World War I including the principal stated motive of Woodrow Wilson for bringing the United States into the European War in April 1917 For him Verdun proved both France s determination to win at all costs and the likelihood that without help it would be defeated nevertheless The unparalleled barbarity of Verdun a product of the Old World convinced the American president that only the principal nation of the New World could finally alter the grim course of human destiny While many both in 1916

and in the decades that followed saw Verdun as a bloody monument to the inescapable futility of war Wilson saw in it a hope for fighting what he would call a war to end all wars *Michelet, naturaliste* Robert Van der Elst,1914 **Art World** ,1916
