Ignatavicius, 2021-06-04 Approx 352 pages Innovative workbook format helps you prepare for the Next Generation NCLEX PN Exam NGN PN through practical thinking exercises that challenge you to apply the National Council of State Boards of Nursing NCSBN Clinical Judgment Measurement Model to common clinical scenarios A comprehensive collection of carefully developed clinical reasoning exercises range from basic to more complex and address all key content areas Logical three part organization Part 1 is an introduction to clinical judgment with examples of how to approach the thinking exercises in the workbook Part 2 consists of exercises that focus on applying clinical judgment for clients across the lifespan experiencing commonly occurring physical and mental health problems Part 3 consists of exercises that focus on applying clinical judgment for older adult clients a main focus of care for LPN LVNs A robust quizzing engine on the companion Evolve website features all of the book s questions in an interactive format to provide a realistic simulated test taking experience and feedback for remediation An extensive answer key with detailed rationales provides essential review and remediation Virtual Clinical Excursions 2.0 to Accompany Introduction to Medical-Surgical Nursing Adrienne Dill Linton, Collette Moreno, 2003-07 Virtual Clinical Excursions Phase 2 is a workbook CD ROM package that guides the student through a multi floor virtual hospital in a hands on learning experience The student is actively engaged with the workbook CD ROM and parent text throughout each lesson

Each lesson has a core textbook reading assignment and activities based on visiting the patients in the hospital. The lessons in the workbook complement the content in the textbook and provide a perfect environment in which students may practice what they are learning in the text. The multi floor virtual hospital also has built in testing of clinical knowledge with NCLEX type questions. As the student visits each patient they are able to access realistic information resources essential for patient care. Information resources include charts, medical administration records, electronic patient records, video streaming of patient dialogue with nurses and other related materials. These resources provide an opportunity for the student to assess and analyze information, make a diagnosis, set priorities and implement and evaluate care. Includes a guided tutorial which shows students how to work with a patient in the virtual hospital, collect patient data from various sources, reports, charts, medication administration record, short video clips and audio clips of nurse/patient interactions, record patient data, listen to a report and itemize a patient's problems and high priority concerns and sometimes administer medications. Requires students to use their critical thinking skills to set priorities for care, collect data, analyze and interpret data and reach conclusions about complex problems within a health/illness transition. Encourages active learning and provides opportunities to identify information to collect and process data for evidence based patient care, work with data entry and retrieval, screens, optimize use of available information resources, understand hospital information systems, manage information for decision making and maintain and improve core computing skills.

With chapters corresponding to the chapters in Linton and Matteson's Medical Surgical Practical Nursing in Canada, this study guide provides a variety of questions and exercises to help you master the PN's role in Canadian medical surgical care. Review exercises include fun activities, multiple choice questions, alternate format questions and more, all divided by level of difficulty. In the chapters on medical conditions, practical questions help you apply your knowledge directly to real world patient care. This study guide provides the review and practice you need to prepare for the REx PN or CPNRE licensure exams. Comprehensive review reflects the latest Canadian Council for Practical Nurse Regulators (CCPNR) national PN competencies including Ontario and British Columbia. Variety of exercises reinforces learning with matching, multiple choice, multiple response, labelling, diagram, reading fill in the blank, questions, case studies and more. Consistent format in each chapter.

Part I: Mastering the Basics focuses on basic knowledge and comprehension of medical surgical nursing. **Part II: Putting it All Together** integrates chapter content related to basic pathophysiology and basic nursing content and focuses on comprehension and application levels. **Part III: Challenge Yourself: Getting Ready for PN Examinations** focuses on the application or analysis levels of cognitive ability and can include case studies, nursing care plans and nursing assessment. Questions arranged by level of difficulty move from simple recall to more difficult exercises designed to help you apply, analyze and synthesize basic concepts. Alternate format questions include multiple response, labelling, prioritizing, ordering and calculation questions to help you practice for the REx.
