Liturgical Calendar 2014 Umc:

Setting the Spiritual Clock Paul Louis Metzger, 2020-11-15 Various Christian traditions mark their calendars to reflect the biblical and ecclesial narrative and enhance public worship. Such efforts safeguard against secularization's encroachment in the church's life. *Setting the Spiritual Clock* serves as a guide and traveling companion for the liturgical year which circles the glorious Son as he breaks through the secular eclipse. *Religion Online* August E. Grant, Amanda F. C. Sturgill, Chiung Hwang Chen, Daniel A. Stout, 2019-03-07 *Religion Online* provides new insights about religiosity in a contemporary context offering a comprehensive look at the intersection of digital media, faith communities and practices of all sorts. Recent research on Apple users, video games, virtual worlds, artificial intelligence, digital music and sports as religion supports the idea that media and religion, once considered separate entities, are in many cases the same thing. New media and religious practice can no longer be detached. This two-volume set discusses how religionists are embracing the Internet amidst cultural shifts of secularization, autonomous religious worship, millennials' affinity for new media and the rise of fundamentalism in the global south. While other works describe case studies, this book explains how new media are interwoven into the very fabric of religious belief, behavior and community. Chapters break down the past, present and projected future of the use of digital media in relation to faith traditions of many varieties extending from mainline Christianity to new religious movements. The book also examines the impacts of digital media on beliefs and practices around the world. In exploring these subjects, it calls on the study of culture, namely anthropology, to conceptualize a technological period as significant as the industrial revolution.

2014 Orthodox Liturgical Calendar Daniel Olson, 2013-12 *The Almanac for Pastoral Liturgy Sourcebook* Joseph DeGrocco, 2013 **Christianity in Western and Northern Europe** Todd M. Johnson, Annemarie C. Mayer, Kenneth R. Ross, 2024-04-30 Although the origins of Christianity lie in the Near East, Europe and Christianity have an exceptional relationship since most Europeans perceive Christianity as a Western, more precisely as a European religion. The region has seen rapid social change in the 21st century set off by factors including energy crisis and environmental awareness, poverty and exclusion, falling birthrates and increased migration, changing attitudes to sexuality, gender and family life and challenges to Europe's idea of itself and place in the global order. Amidst all this flux, this volume focuses on one particular issue: the rapidly changing profile of the Christian faith that has shaped the life of the European continent for a millennium and more. At a time when patterns of Christian life and worship appear to be dying out, yet traces of new life are also appearing, this volume maps out the current reality of Christianity in Western and Northern Europe with all its questions and uncertainties.
