Many churches don't think of engaging **Church History** when thinking through how we worship and gather together. This tool helps to encourage a practice of more biblical, historical, and theological reflection in an approach to how worship **forms us**.

The following document is laid out in a specific way. In the Old Testament the Temple had 3 "spaces": The outer courts, the inner courts and the Holy of Holies.

- **The Outer Courts** ... this space was where the people were welcomed in, confessed their sins, received forgiveness and they were washed clean in the laver.
- **The Inner Courts** ... this was where the priest alone would enter for the partaking of the lighted Word, the Table and the prayers.
- **Holy of Holies** ... this was where only the High Priest could enter once a year to pour blood on the Ark of the Covenant to pay for all the sins of the people.

God still includes these elements in Worship, though Jesus changes how we relate to these "spaces." He still welcomes us into His presence, we confess our imperfections, He affirms His forgiveness of us, and we are washed in His love. Through Jesus, and because of Jesus' work, ALL believers now have a role of meeting with God as we gather together. We together are the "priesthood" under one High Priest—Christ. We are to hear, understand, and live out the Word of God in Christ's strength; to join in His meal (Communion or Eucharist), and to approach God boldly in prayer.

Jesus now stands as our High Priest in the Holy of Holies in heaven. He made ONE sacrifice for us, and now we can approach Him, know Him, and worship Him confidently.

A form and shape pervades all the liturgical (rhythmic) developments of church history. Generally throughout church history we find that within all the Church Father's writings and documentation there is preserved some basic practices though they may bear some unfamiliar names. In most traditions, the flow of approaching the Lord, and the flow of God meeting with His people contains a Gathering Section, a Word Section, a Tabling section, and a Dismissal to Mission Section. Though this document does not attempt to "affirm" that all church traditions are correct or even useful, we by great measure can learn from those who have gone before us in order to glean their wisdom for today. Ballano, 2024-04-30 Does the current celibate semi monastic and all male seminary formation contribute to the persistence of clerical sexual abuse in the Roman Catholic

Church Applying sociological theories on socialization total institutions and social resistance as the primary conceptual framework and drawing on secondary literature media reports the author s experience interviews and Church documents this book argues that the Catholic Church s institution of the celibate seminary formation as the only mode of clerical training for Catholic priests has resulted in negative unintended consequences to human formation such as the suspension of normal human socialization in society psychosexual immaturity and weak social control against clerical sexual abuse The author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes As such an alternative model for diocesan clerical formation is advanced A fresh look at the aptness and effects of celibate formation for diocesan clergy this volume is the first to relate the persistence of Catholic clerical sexual abuse to celibate seminary formation exploring the structural links between the two using sociological arguments and proposing an apprenticeship based model of formation which has numerous advantages as a form of clerical training It will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation
