Eric Schlosser

Mcdonalds Training Manual:

Fast Food Nation Eric Schlosser, 2001 An exploration of the fast food industry in the United States from its roots to its long term consequences *Working for McDonald's in Europe* Tony Royle, 2000 This volume represents a real life case study revealing the interaction between the McDonald s Corporation the most famous brand in the world and the regulatory systems of a number of different European countries Mental Nurses Training Manual David 'Khyber' Close, 2023-05-03 Back at the end of the 1970s three hundred copies of Neglect Violence Mental Nurse s Training Manual were released by Wombat Printing NL to friends and the nurse s underground Forty plus years later it is now released to the public with little danger of litigation regarding libel or defamation The back cover blurb for MENTAL NURSES TRAINING MANUAL then had it that An ex psychiatric nurse recalls his experiences after reporting a bashing and drinking on duty to his superiors He exposes a cover up by the hospital authorities and the State government bureaucracy then known as the Mental Health Authority His report details murder and suicide cases and hints at widespread cruelty and indifference His memories and impressions of the people he met working at a Melbourne mental hospital adds colour to a subject which bears thinking about The author s futile exploits as a candidate in the 1973 Victorian state election makes amusing and or alarming reading while his analysis of shortcomings in psychiatric practice might stimulate a new deal for the bewildered victims of our dog eat dog civilization A must for all the up and coming maniacs Gough Whitelamb in the Daylesford Gazette Lifts the lid off the sanity business Clyde Pucker in the Yea Times Reading this book didn t relieve my obsessive compulsive neurosis or my ethical dilemmas but it gave me the pleasant feeling that I am not alone in this world with my belief in the prefectability of mankind through the exercise of hope fertilized by integrity Malcolm Howard in the West Wyalong Whinger Whistle blowing anti psychiatry still resonates today Phil Saddams in the Rupert Warduck Stable **Fast Food, Fast Talk** Robin Leidner, 1993-08-04 Attending Hamburger University Robin Leidner observes how McDonald s trains the managers of its fast food restaurants to standardize every aspect of service and product Learning how to sell life insurance at a large midwestern firm she is coached on exactly what to say how to stand when to make eye contact and how to build up Positive Mental Attitude by chanting I feel happy I feel terrific Leidner s fascinating report from the frontlines of two major American corporations uncovers the methods and consequences of regulating workers language looks attitudes ideas and demeanor Her study reveals the complex and often unexpected results that come with the routinization of service work Some McDonald s workers resent the constraints of prescribed uniforms and rigid scripts while others appreciate how routines simplify their jobs and give them psychological protection against unpleasant customers Combined Insurance goes further than McDonald s in attempting to standardize the workers very selves instilling in them adroit maneuvers to overcome customer resistance The routinization of service work has both poignant and preposterous consequences It tends to undermine shared understandings about individuality and social obligations sharpening the tension between the belief in personal autonomy

and the domination of a powerful corporate culture Richly anecdotal and accessibly written Leidner's book charts new territory in the sociology of work With service sector work becoming increasingly important in American business her timely study is particularly welcome *Human Resource Management* Jean M. Phillips, 2023-11-04 Formerly published by Chicago Business Press now published by Sage Human Resource Management An Applied Approach prepares future HRM professionals to effectively utilize strategies and tools to advance their careers and support the growth and development of those they manage Author Jean Phillips adopts an engage by example method encouraging students to take action and create a lasting impact in the field of HRM that goes beyond theoretical learning The Third Edition features new end of chapter exercises company examples throughout the book and a new section called Using This Knowledge at the end of each chapter providing additional support for knowledge application Through case studies videos and exercises students will develop their personal skills and gain practical experience in applying various HR concepts enabling them to become better managers and more effective leaders **Motivation Training Manual** George Leonard Wenzel, 1970 *Golden Arches East* James L. Watson, 2006-03-13 McDonald's restaurants are found in over 100 countries serving tens of millions of people each day What are the cultural implications of this phenomenal success The widely read and widely acclaimed *Golden Arches East* argues that McDonald's has largely become divorced from its American roots and become a local institution for an entire generation of affluent consumers in Hong Kong Beijing Taipei Seoul and Tokyo In the second edition James L. Watson also covers recent attacks on the fast food chain as a symbol of American imperialism and the company's role in the obesity controversy currently raging in the U.S. food industry bringing the story of East Asian franchises into the twenty first century Praise for the First Edition *Golden Arches East* is a fascinating study that explores issues of globalization by focusing on the role of McDonald's in five Asian economies and concludes that in many countries McDonald's has been absorbed by local communities and become assimilated so that it is no longer thought of as a foreign restaurant and in some ways no longer functions as one Nicholas Kristof New York Times Book Review This is an important book because it shows accurately and with subtlety how transnational culture emerges It must be read by anyone interested in globalization It is concise enough to be used for courses in anthropology and Asian studies Joseph Bosco China Journal The strength of this book is that the contributors contextualize not just the food side of McDonald's but the social and cultural activity on which this culture is embedded These are culturally rich stories from the anthropology of everyday life Paul Noguchi Journal of Asian Studies Here is the rare academic study that belongs in every library Library Journal **Re-Thinking the Future of Work** Colin C. Williams, 2007-02-28 How will work be organised in the future With its global perspective and critical approach *Re-Thinking the Future of Work* provides not only an overview and examination of the array of competing visions but also a radical rethink about the direction of change *Training, Strategy for Higher Productivity*, 1984 *Models of Worker-job Matching, Rules Vs. Discretion, and Employee Training Vs. Labor Mobility* James Kenneth Lavin, 1999 *Pennsylvania State Manual*, 1926
