are just as topical today as they were at the time of their publication     The Fractured Twentieth Century Jerry Grafstien,2022-12-23 A personal history of the fragmented 20th century that has careened from modern technology to barbarity in a complex and confusing spiral The author is the son of immigrants who were born thirty kilometres from each other in southern Poland Fortuitously due to religious ties they met in Toronto in 1927 fell in love married and settled in London Ontario in 1930 The author s father s life spanned the first half of the twentieth century until his tragic death in a street accident in 1950 His mother s life spanned the entire twentieth century born in 1900 arriving in Canada in 1907 and she passed away in 2002 in Toronto and remained lucid to the end History repeats itself while mistakes are little learned from errors venality and endless brutality At best he witnessed the descent from principle to pragmatism He is fortunate in encountering fascinating personalities in politics religion arts academia and sports all of whom left singular impressions on him and others in Canada and around the globe Ultimately he discovered that it is not the destination but the journey along the way that continues to astound and surprise him as the innards of the human condition revolves and evolves without rhyme or reason     **Ernest Gellner** John A. **Imagining the Kibbutz** Ranen Omer-Sherman,2015-06-19 In *Imagining the Kibbutz* Ranen Omer Sherman explores the literary and cinematic representations of the socialist experiment that became history s most successfully sustained communal enterprise Inspired in part by the kibbutz movement s recent commemoration of its centennial this study responds to a significant gap in scholarship Numerous sociological and economic studies have appeared but no book length study has ever addressed the tremendous range of critically imaginative portrayals of the kibbutz This diachronic study addresses novels short fiction memoirs and cinematic portrayals of the kibbutz by both kibbutz insiders including those born and raised there as well as those who joined the kibbutz as immigrants or migrants from the city and outsiders For these artists the kibbutz is a crucial microcosm for understanding Israeli values and identity The central drama explored in their works is the monumental tension between the individual and the collective between individual aspiration and ideological rigor between self sacrifice and self fulfillment Portraying kibbutz life honestly demands retaining at least two oppositional things in mind at once the absolute necessity of euphoric dreaming and the mellowing inevitability of disillusionment As such these artists imaginative witnessing of the fraught relation between the collective and the citizen soldier is the story of Israel itself

Chambers and Alger Hiss which has been called the Dreyfus Affair of our century progressive opinion stood firmly behind Hiss And when in the New York Times I took Chambers part I became if possible even more unpopular among self styled progressives than I had been before In 1937 during the Civil War in Spain I spent three months under sentence of death as a suspected spy witnessing the executions of my fellow prisoners and awaiting my own These three months left me with a vested interest in capital punishment rather like half hanged Smith who was cut down after fifteen minutes and lived on
