Supreme Court of Appeals, William Waller Hening, William Munford, 1809 **Educational Times** ,1890 Women and the Religion of Ancient Israel Susan Ackerman, 2022-02-22 A synthetic reconstruction of women's religious engagement and experiences in preexilic Israel This monumental book examines a wealth of data from the Bible archaeology and ancient Near Eastern texts and iconography to provide a clear comprehensive and compelling analysis of women's religious lives in preexilic times Carol Meyers Duke University Throughout the biblical narrative ancient Israelite religious life is dominated by male actors When women appear they are often seen only on the periphery as tangential accidental or passive participants However despite their absence from the written record they were often deeply involved in religious practice and ritual observance In this new volume Susan Ackerman presents a comprehensive account of ancient Israelite women's religious lives and experiences. She examines the various sites of their practice including household shrines regional sanctuaries and national temples the calendar of religious rituals that women observed on a weekly monthly and yearly basis and their special roles in religious settings Drawing on texts archaeology and material culture and documenting the distinctions between Israelite women s experiences and those of their male counterparts Ackerman reconstructs an essential picture of women s lived religion in ancient Israelite culture

Hamilton, Tom J. Hillard, 2014-11-01 Before the West Was West examines the ,1991 extent to which scholars have engaged in depth with pre 1800 western texts and asks what we mean by western American literature in the first place and when that designation originated Calling into question the implicit temporal boundaries of the American West in literature a literature often viewed as having commenced only at the beginning of the 1800s Before the West Was West explores the concrete meaningful connections between different texts as well as the development of national ideologies and mythologies Examining pre nineteenth century writings that do not fit conceptions of the Wild West or of

cowboys cattle ranching and the Pony Express these thirteen essays demonstrate that no single unified idea or geography defines the American West Contributors investigate texts ranging from the Norse Vinland Sagas and Mary Rowlandson s famous captivity narrative to early Spanish and French exploration narratives an eighteenth century English novel and a play by Aphra Behn Through its examination of the disparate and multifaceted body of literature that arises from a broad array of cultural backgrounds and influences Before the West Was West apprehends the literary West in temporal as well as spatial and cultural terms and poses new questions about westernness and its literary representation
