Los Angeles La San Fernando Valley:

Los Angeles/San Fernando Valley Rand McNally, Rand McNally and Company, 1994-07-01 **The Playing Grounds of College Football** Mark Pollak, 2018-12-12 College football teams today play for tens of thousands of fans in palatial stadiums that rival those of pro teams But most started out in humbler venues from baseball parks to fairgrounds to cow pastures This comprehensive guide traces the long and diverse history of playing grounds for more than 1000 varsity football schools including bowl eligible teams as well as those in other divisions FCS D2 D3 NAIA **The Los Angeles River** Blake Gumprecht, 2001-04-30 Winner of the J B Jackson Prize from the Association of American Geographers Three centuries ago the Los Angeles River meandered through marshes and forests of willow and sycamore Trout spawned in its waters and grizzly bears roamed its shores The bountiful environment the river helped create supported one of the largest concentrations of Indians in North America Today the river is made almost entirely of concrete Chain link fence and barbed wire line its course Shopping carts and trash litter its channel Little water flows in the river most of the year and nearly all that does is treated sewage and oily street runoff On much of its course the river looks more like a deserted freeway than a river The river's contemporary image belies its former character and its importance to the development of Southern California Los Angeles would not exist were it not for the river and the river was crucial to its growth Recognizing its past and future potential a potent movement has developed to revitalize its course The Los Angeles River offers the first comprehensive account of a river that helped give birth to one of the world's great cities significantly shaped its history and promises to play a key role in its future *California.
