Loving My Busty Gym Instructor:

Orwell's Nose John Sutherland, 2016-09-15 In 2012 writer John Sutherland permanently lost his sense of smell At about the same time he embarked on a rereading of George Orwell and still coping with his recent disability noticed something peculiar Orwell was positively obsessed with smell In this original irreverent biography Sutherland offers a fresh account of Orwell's life and works one that sniffs out a unique scented trail that wends from *Burmese Days* through *Nineteen Eighty Four* and on to *The Road to Wigan Pier* Sutherland airs out the odors fetors stench and reeks trapped in the pages of Orwell's books From Winston Smith's apartment in *Nineteen Eighty Four* which smelt of boiled cabbage and old rag mats to the tantalizing aromas of concubine Ma Hla May's hair in *Burmese Days* with its mingled scent of sandalwood garlic coconut oil and jasmine Sutherland explores the scent narratives that abound in Orwell's literary world Along the way he elucidates questions that have remained unanswered in previous biographies addressing gaps that have kept the writer elusively from us In doing so Sutherland offers an entertaining but enriching look at one of the most important writers of the twentieth century and moreover an entirely new and sensuous way to approach literature nose first Love Stryker Lexi

Buchanan, 2019-09-12 When my childhood friend Cora dared me to write a sexy novel about a martial arts fighter I agreed albeit under the influence of alcohol It was something for me something different and exciting It was supposed to be research pure and simple But then I met him a six foot six mountain of a man with no name The way his muscles flexed and rippled when he trained made my belly quiver The way his dark hair flopped over his forehead made me want to brush it back from his strong face His nose had been broken but it made no difference he was still a handsome man He had eyes dark as the night that would land on me the minute I entered his gym Every Time He was their star fighter the one that brought in the big money At first I feared him because of his size and the way he would look at me But then I discovered that I was his biggest distraction and no matter what my head told me my heart told me to fight for the man who didn't know how to live outside of the cage NYT USA Today bestselling author Lexi Buchanan brings you her new sexy standalone novel about fighting for freedom when the odds are against you **Heathers** John Ross Bowie, 2011-06-01 What's your damage In 1989

Michael Lehmann's black comedy *Heathers* drew a line in the sand rebuffing the sweetness and optimism of John Hughes more popular fare with darkness and death Launching the careers of Winona Ryder and Christian Slater *Heathers* became a cult classic ranking 5 on *Entertainment Weekly's* list of the 50 Best High School Movies and inspiring hoards of teen films that vastly overshadow its fame but lack its acid wit moral complexity and undeniable emotional punch For the latest installment of *Deep Focus* John Ross Bowie blends captivating memoir with astute analysis tracing the rebel teen mythology that links *Columbine* heavy metal and *The Catcher in the Rye* With help from Lehmann screenwriter Daniel Waters and members of the cast Bowie thoroughly unpacks the film's peculiar resonance Brilliant riffs on the etymology of its teen slang the implications of its title and its visual debt to Stanley Kubrick show how *Heathers* for all its audacious absurdity speaks
