### **Ilusionismo verbal en Elogio de la madrastra y Los cuadernos de don Rigoberto de Mario Vargas Llosa**

Guadalupe Martí-Peña, 2014-08-15 Entre los múltiples modos de acercarse a un autor tan polifacético y prolífico como el escritor peruano Mario Vargas Llosa quien ganó el premio Nobel de 2010 Guadalupe Martí Peña ha elegido ver al novelista como ilusionista Estudia ese mundo de fantasías y ensueos ese campo de guerra aparentemente inofensivo donde la literatura el teatro y la pintura se alían con el escritor el soador y el ilusionista para derrocar la realidad Centrándose en Elogio de la madrastra y Los cuadernos de don Rigoberto así como el efecto de la ilusión en el proceso de la lectura arguye que Vargas Llosa hace uso de patrones teatrales pictóricos y místicos para hacernos experimentar lo irreal como real el sueño como realidad y la magia de la ficción como un acto que nos otorga poder Con base a los estudios interartísticos la semítica y las teorías de la recepción analiza cómo estos textos producen en los lectores la triple ilusión de presenciar una obra dramática contemplar un cuadro o entrever una conversación mística El primer capítulo del libro se concentra en la teatralidad que anima ambos textos Partiendo de las teorías sobre la recepción y la semítica teatral Martí Peña investiga el modo en que el autor transforma la narración en actuación la ficción en performance y el leer en ver haciendo que los lectores experimenten la palabra escrita como una representación viva ante sus ojos En el segundo reflexiona sobre la función que desempeña la pintura en la materialización de los deseos e ilusiones de los personajes Combinando estética pictórica y narración y bajo el lente de las teorías sobre la relación imagen texto examina las distintas funciones que desempeñan los cuadros dentro del sistema lingüístico donde operan En el último capítulo compara los escritos de Rigoberto con la escritura de autoexamen que Michel Foucault describe en *L'écriture de soi* Mientras que el asceta trata de transformar su vida en una obra de perfección moral alejando de sí las ilusiones Rigoberto trata de transformar su existencia en una obra de arte congregando fantasías eróticas Ambos textos encapsulan el principal ingrediente activo en la escritura de Vargas Llosa la ficción no es sumisión ante la vida sino por el contrario insurrección contra ella El ilusionismo verbal se convierte en la técnica más eficaz para llevar a cabo tal rebelión Among the multiple approaches to be taken on an author as multifaceted and prolific as the recent Nobel Laureate

Peruvian writer Mario Vargas Llosa has chosen to look at the novelist as an illusionist. She studies this land of fantasies and daydreams that seemingly harmless battlefield where literature, theater, and painting contend and join together with the writer, the dreamer, and the illusionist to oust reality. Focusing on *Elogio de la madrastra* and *Los cuadernos de don Rigoberto* and the effect of illusion on the reading process, she argues that by referring to theatrical, pictorial, and mystical patterns, Vargas Llosa entices us to experience along with his characters the unreal as real, the dream as reality, the magic of fiction as an empowering act. The book looks first at the theatricality and theatrics that enliven both texts. In the light of reader-spectator response theories and theater semiotics, Mart Pe a shows how the novelist turns narrating into acting, fiction into performance, and reading into seeing. She next reflects upon the role that painting plays in the materialization of the characters' desires and illusions. By funneling pictorial aesthetics through the prism of narration and by engaging with theory concerned with issues of text-image interrelations, she examines the various functions paintings play within the linguistic system. Finally, she compares Rigoberto's writing exercises to the writings of self-examination described by Michel Foucault in *L'écriture de soi*. Both texts encapsulate the main active ingredient in all of Vargas Llosa's writings: that fiction is not a submission to life but rather an insurrection against it. Verbal illusionism becomes the most efficient tactic to carry out such a rebellion. The text of this book is in Spanish. **Mario Vargas Llosa** Raymond Leslie Williams, 2014-12-01

Awarded the Nobel Prize in 2010 at the age of seventy-four, Peruvian writer Mario Vargas Llosa has held pivotal roles in the evolution and revolutions of modern Latin American literature. Perhaps surprisingly, no complete history of Vargas Llosa's works placed in biographical and historical context has been published until now. A masterwork from one of America's most revered scholars of Latin American fiction, Mario Vargas Llosa: A Life of Writing provides a critical overview of Vargas Llosa's numerous novels while reinvigorating debates regarding conventional interpretations of the work. Weaving analysis with discussions of the writer's political commentary, Raymond Leslie Williams traces the author's youthful identity as a leftist student of the 1960s to a repudiation of some of his earlier ideas beginning in the 1980s. Providing a unique perspective on the complexity, nuance, and scope of Vargas Llosa's lauded early novels and on his passionate support of indigenous populations in his homeland, Williams then turns his eye to the recent works which serve as a bridge between the legacies of the Boom and the diverse array of contemporary Latin American fiction writers at work today. In addition, Williams provides a detailed description of Vargas Llosa's traumatic childhood and its impact on him, seen particularly in his lifelong disdain for authority figures as well as of the authors who influenced his approach, from Faulkner to Flaubert. Culminating in reflections drawn from Williams's formal interviews and casual conversations with the author at key phases of both men's careers, this is a landmark publication that will spark new lines of inquiry into an intricate body of work. *Sacred Eroticism* Juan Carlos Ubilluz, 2006 *Sacred Eroticism* addresses a neglected chapter in Latin American literature: namely, the influence of Georges Bataille and Pierre Klossowski's atheist mysticism in the Latin American erotic novel of the twentieth century. Combining a

Lacanian analytical framework with an Inter textualist approach Juan Carlos Ubilluz reveals how Julio Cortazar Salvador Elizondo Mario Vargas Llosa and Juan Garcia Ponce adopted Sataille and Klossowski s aesthetic and philosophical models as a point of departure to rearticulate the modern subject s buried dimension of the sacred through various Innovations on the erotic novel s form Ubilluz examines the dialectical irruption of these literary experiments into their particular aesthetic theoretical and political contexts showing for instance that Cortazar s *Temptation of the Word* Efraín Kristal,1998 Originally published in hardcover in 1998 A Companion to Mario Vargas Llosa Sabine Köllmann,2014 This Companion offers an overview and assessment of Mario Vargas Llosa s large body of work tracing his development as a writer and intellectual in his essays critical studies journalism and theatrical works but above all in his novels This companion to the work of Peruvian Nobel Laureate Mario Vargas Llosa traces his fictional and non fictional writing throughout the different phases of a career spanning more than fifty years His lifelong dedication to literature goes hand in hand with his commitment as a public intellectual a role that frequently involves him in controversy Against the backdrop of Vargas Llosa s political and intellectual development this study brings out the continuities and interrelations that give unity and coherence to a diverse body of work It highlights the thematic concerns that re emerge at different points in his writing and link Vargas Llosa s journalism and essays with his fiction the effects of social ills on the individual the nature of fiction and the importance of literature for society The novels at the centre of his work combine passionate storytelling with technical complexity and an often playful experimentation with genres This book not only provides a comprehensive overview of Vargas Llosa s writing in the context of his intellectual biography but looks in detail at each individual work summarizing contents and analyzing the interplay of form language and meaning A bibliography and suggestions for further reading complement this Companion which will serve the general reader as much as the undergraduate and scholar Sabine Köllmann is an independent academic writer living in London Decadence in Literature and Intellectual Debate since 1945 D.
