Frederic Francois Chopin (1 March 1810 – 17 October 1849) was a Polish composer and virtuoso pianist of the Romantic era who wrote primarily for solo piano. He has maintained worldwide renown as a leading musician of his era, one whose poetic genius was based on a professional technique that was without equal in his generation. Chopin was born Fryderyk Franciszek Chopin in what was then the Duchy of Warsaw and grew up in Warsaw, which in 1815 became part of Congress Poland. A child prodigy, he completed his musical education and composed his earlier works in Warsaw before leaving Poland at the age of 20, less than a month before the outbreak of the November 1830 Uprising. At 21, he settled in Paris. Thereafter, in the last 18 years of his life, he gave only 30 public performances, preferring the more intimate atmosphere of the salon. He supported himself by selling his compositions and by giving piano lessons, for which he was in high demand. Chopin formed a friendship with Franz Liszt and was admired by many of his other musical contemporaries, including Robert Schumann. In 1835, Chopin obtained French citizenship. After a failed engagement to Maria Wodzinska from 1836 to 1837, he maintained an often troubled relationship with the French writer Amantine Dupin, known by her pen name George Sand. A

brief and unhappy visit to Majorca with Sand in 1838-39 would prove one of his most productive periods of composition. In his final years he was supported financially by his admirer Jane Stirling who also arranged for him to visit Scotland in 1848. For most of his life Chopin was in poor health. He died in Paris in 1849 at the age of 39, probably of tuberculosis. All of Chopin's compositions include the piano. Most are for solo piano though he also wrote two piano concertos, a few chamber pieces and some 19 songs set to Polish lyrics. His keyboard style is esoteric and often technically demanding; his own performances were noted for their nuance and sensitivity. Chopin invented the concept of the instrumental ballade. His major piano works also include mazurkas, waltzes, nocturnes, polonaises, tudes, impromptus, scherzos, preludes and sonatas, some published only posthumously. Among the influences on his style of composition were Polish folk music, the classical tradition of J. S. Bach, Mozart and Schubert, and the atmosphere of the Paris salons of which he was a frequent guest. His innovations in style, harmony and musical form, and his association of music with nationalism, were influential throughout and after the late Romantic period. Chopin's music, his status as one of music's earliest superstars, his indirect association with political insurrection, his often tumultuous love life and his early death have made him a leading symbol of the Romantic era. His works remain popular and he has been the subject of numerous films and biographies of varying historical fidelity. Includes a biography of the author.
