Ansgar, Rimbart and the Forged Foundations of Hamburg-Bremen Eric Knibbs, 2016-05-23 Ansgar and Rimbart ninth century bishops and missionaries to Denmark and Sweden are fixtures of medieval ecclesiastical history Rare is the survey that does not pause to mention their work among the pagan peoples of the North and their foundation of an archdiocese centered at Hamburg and Bremen But Ansgar and Rimbart were also clever forgers who wove a complex tapestry of myths and half truths about themselves and their mission They worked with the tacit approval if not the outright cooperation of kings and popes to craft a fictional account of Ansgar s life and work The true story very different from that found in our history books has never been told Ansgar did not found any archdiocese at all Rather the idea of Hamburg Bremen only took root in the tenth century and royal sponsorship of the mission to Denmark and Sweden ended with the death of Louis the Pious This book couples detailed philological and diplomatic analysis with broader historical contextualization to overturn the consensus view on the basic reliability of the foundation documents and Rimbart s Vita Anskarii By revising our

understanding of Carolingian northeastern expansion after Charlemagne it provides new insight into the political and ecclesiastical history of early medieval Europe

Pragmatic Literacy and the Medieval Use of the Vernacular Inger Larsson,2009

Between 1150 and 1400 Sweden was transformed from a society which was predominantly reliant on oral communication into a society which increasingly deployed writing Latin the traditional language of government and records was gradually replaced by vernacular Swedish The watershed moment in this process was the drafting of national and town laws in the 1350s an event which established Swedish as the language of the judiciary and judicial records From this period written

documentation was gradually integrated into legal procedure Pragmatic Literacy argues that the Crown the expanding bureaucracy the editing of the laws in Swedish and the laws demands for written documentation in everyday transactions were the main driving forces behind the development in medieval Sweden of lay literacy for practical purposes The book demonstrates how the early use of writing by the royal administration and the writing of provincial laws in Swedish created centres of literacy from which literate ways of thinking and acting spread both geographically and socially It further illustrates how literacy moved beyond the confines of the clerical elite by exploring how different members of the laity adopted pragmatic literacy for private purposes Pragmatic Literacy thus traces the history of pragmatic literacy in Sweden through the lens of the judicial and administrative archive Inger Larsson is professor of Swedish Language at the Department of Scandinavian Languages Stockholm University

KEY BENEFIT The great missionary figures were crucial to their own time and to posterity They brought Christian belief and culture to the pagan societies of Dark Age Europe Tribal and nomadic societies were propelled out of the forest and the plain into a civilized world that carried the genes of the Roman imperial past The missionaries were crucial too because of the record they and their correspondents left of the cultures they transformed The work of St Augustine in England is just one example The missionaries were not only agents of change they were also some of Europe s first historians Anyone who has read Ian Wood s equally ambitious and compelling survey *The Merovingian Kingdoms 451 1050* will rediscover his ability to bring a remote age to life Here the unreliable history of the missionary life is disentangled by Ian Wood to produce a uniquely wide ranging account giving a sense of the individual experience and collective ethos of the mission the missionaries influence on communities and their links to the rest of Christendom In *The Missionary Life* the roles and aims of the missionaries provide a starting point for the history of early medieval Europe While spiritualism is examined Ian Wood also focuses on the darker side of missionary life flagellation starvation torture as well as sanctity Contemporary willing and unwilling evangelism relates to some of these first Christian pioneers For reader interested in medieval and or church history Also available in hardcover 0 582 31212 4 69 95Y
