This book also shows how the spiritual authority of church pastors can be both challenged and reinforced through the creative use of online tools It addresses some of the creative ways in which Christians utilise the Internet to engage with national socio political issues within the context of restrictive and controlled mainstream media as well as the ongoing discourse with Islam in the country Through a selection of case studies this book shows that while the Internet may be free the users of the Internet are not necessarily so While the Internet has provided Malaysian Christians with new tools to experience their faith in new ways several aspects of old offline socio cultural habits persist online These in turn lead to a robust and growing environment of Internet Christianity in Malaysia This timely book will be of interest to scholars in religious studies media and communications and cultural studies **Prison Journal** George Pell,2021-11-02 Innocent That final verdict came after George Cardinal Pell in Southeast Asia endured a gruelling four years of accusations investigations trials public humiliations and more than a year of imprisonment after being convicted by an Australian court of a crime he did not commit Led off to jail in handcuffs following his sentencing on March 13 2019 the 78 year old Australian prelate began what was meant to be six years in jail for historical sexual assault
