Advanced Treatment Techniques for Industrial Wastewater Hussain, Athar, Ahmed, Sirajuddin, 2018-07-20 A heavy backlog of gaseous liquid and solid pollution has resulted from a lack of development in pollution control Because of this a need for a collection of original research in water and wastewater treatment industrial waste management and soil and ground water pollution exists *Advanced Treatment Techniques for Industrial Wastewater* is an innovative collection of research that covers the different aspects of environmental engineering in water and wastewater treatment processes as well as the different techniques and systems for pollution management Highlighting a range of topics such as agriculture pollution hazardous waste management and sewage farming this book is an important reference for environmental engineers waste authorities solid waste management companies landfill operators legislators environmentalists and academicians seeking research on waste management

The Athenaeum, 1907 **Scientific Data for Decision Making Toward Sustainable Development: Senegal River Basin Case Study** Senegal National Committee for CODATA, National Research Council, Policy and Global Affairs, Board on International Scientific Organizations, U.S. National Committee for CODATA, Paul

F. Uhler, 2003-01-23 Scientific databases relating to the environment natural resources and public health on the African continent are for various reasons difficult to create and manage effectively Yet the creation of these and other types of databases and their subsequent use to produce new information and knowledge for decision makers is essential to advancing scientific and technical progress in that region and to its sustainable development The U S National Committee for CODATA collaborated with the Senegalese National CODATA Committee to convene a Workshop on Scientific Data for Decision Making Toward Sustainable Development Senegal River Basin Case Study which was held on 11 15 March 2002 in Dakar Senegal The workshop examined multidisciplinary data sources and data handling in the West Africa region using the Senegal River Basin as a case study to determine how these data are or can be better used in decision making related to sustainable development Proceedings of the Focus Conference (TFC 2024) Manyane Makua, Mariam Akinlolu, Phiwayinkosi Gumede, Mashango Sithole, Cebo Nyondo, Ntombikhona Nene, Mandlenkosi Mhlongo, 2024-12-31 This is an open access book The Teaching and Learning Development Centre TLDC at Mangosuthu University of Technology MUT invites you to the 11th Focus Conference scheduled for 14 to 16 August 2024 at Southern Sun Elangeni Hotel Durban South Africa The theme of the Conference Three Decades of Democracy reflecting on Higher Education Achievements Challenges Impact and the Future is aptly aligned with South Africa's 30 years of democracy celebration The Conference brings together leading scholars academics policymakers and practitioners in the higher education and TVET sectors to share their research and express their perspectives concerning the Conference theme and sub themes **Policy and Practice Challenges for Equality in Education** Neimann, Theresa, Felix, Jonathan J., Shliakhovchuk, Elena, Hindman, Lynne L., 2021-09-10 Well educated populations are important aspects of any contemporary society as education increases national and global development and the positive expansion of communities to participate actively in civil matters also increases Educational equality is based on the principles of administrative competence and fairness of access and distribution of resources opportunities and treatment which ensures success for every person Ensuring equal access to quality education requires addressing a wide range of persistent inequalities in society and includes a stronger focus on how different forms of inequalities intersect to produce unequal opportunities or outcomes that affect marginalized and vulnerable groups Policy and Practice Challenges for Equality in Education takes a multifaceted look at issues of equality and inequality in education as related to policy practice resource access and distribution As such this book explores the potential practices in education that serve to mitigate and transform unproductive practices which have left societies scarred by social and educational inequalities The chapters provide a critical analysis of the manifestations of inequalities in various educational contexts and discerns how broader social inequalities are informed by education related matters This book is ideal for sociologists administrators instructors policymakers data scientists community leaders practitioners stakeholders researchers academicians and students interested in educational equality and the unique challenges being faced worldwide

China-Africa Science, Technology and Innovation Collaboration Mammo Muchie, Angathevar Baskaran, Mingfeng Tang, 2024-10-31 This open access book brings together researchers from a variety of disciplines to explore science technology and innovation cooperation between China and African countries by using different perspectives The growing economic technological and scientific cooperation between Africa and China provides opportunities to jointly develop mechanisms to provide a skill base from discovery to creativity invention innovation entrepreneurship and implementation for the benefit of both Africa and China This book makes a significant contribution to the knowledge imagination understanding of the different dimensions of China Africa STI cooperation and can reach out to all stakeholders with evidence based research
