Franken, 2004-08-01 ***Lies*** Al Franken, 2004-07-27 The 1 New York Times bestseller by Senator Al Franken author of *Giant of the Senate* Al Franken one of our savviest satirists People has been studying the rhetoric of the Right He has listened to their cries of slander bias and even treason He has examined the GOP s policies of squandering our surplus ravaging the environment and alienating the rest of the world He s even watched Fox News A lot And in this fair and balanced report Al bravely and candidly exposes them all for what they are liars Lying lying liars Al destroys the liberal media bias myth by doing what his targets seem incapable of getting his facts straight Using the Right s own words against them he takes on the pundits the politicians and the issues in the most talked about book of the year Timely provocative unfailingly honest and always funny *Lies* sticks it to the most right wing administration in memory and to the right wing media hacks who do its bidding *Blood on Their Hands* Forrest P. Redd, 2009-08-16 *In Blood on Their Hands* author Forrest Redd unravels the past eight years of the Bush Administration in an attempt to prove why George W Bush should be convicted of inciting an illegal war Fueled by the outcome of the 2004 election Redd demonstrates how the right leaning media pundits assisted Bush in misleading the public and why the American people share the responsibility of Bush s disappointing dangerous presidency In reevaluating the way the American people handled the Bush Administration Redd transfers the blame for eight years of failures and atrocities from Bush squarely to the shoulders of the American voters Redd also includes chapters on the Supreme Court s role in determining the 2000 election a side by side comparison of Kerry and Bush in the 2004 election and a reaction to the proposed change brought about by the 2008 election Ultimately *Blood on Their Hands* is a call to the nation to come together and practice common sense strive for enlightenment and exercise decency tolerance and compassion *Expecting the End* Kenneth G. C. Newport, Crawford Gribben, 2006 Jesus promise that the end draws near has spawned an expectation of that grand event across various religious groups This volume examines the abiding social issues that surround the continued presence of

apocalyptic anticipation by setting them in historical present day and future manifestations Approaching this fervent expectation from a broad perspective Gribben and Newport explore the contemporary movements with insightful analysis that provokes discussion and even self reflection *The Historians' Paradox* Peter Charles Hoffer,2008-11 How do we know what happened in the past We cannot go back and no amount of historical data can enable us to understand with absolute certainty what life was like then It is easy to demolish the very idea of historical knowing but it is impossible to demolish the importance of historical knowing In an age of cable television pundits and anonymous bloggers dueling over history the value of owning history increases at the same time as our confidence in history as a way of knowing crumbles Historical knowledge thus presents a paradox the more it is required the less reliable it has become To reconcile this paradox that history is impossible but necessary Peter Charles Hoffer proposes a practical workable philosophy of history for our times one that is robust and realistic and that speaks to anyone who reads writes and teaches history The philosophy of history that Hoffer supports in *The Historians Paradox* is driven by a continual and careful search for the authentic but without confining the real to a finite or closed set of facts Hoffer urges us to think and live with a keen awareness that history is everywhere to accept the impossibility of measuring its reliability but to never approach it unquestioningly Covering a sweeping range of philosophies from ancient history to game theory methodological approaches to writing history and the advantages and disadvantages of different strategies of argument Hoffer constructs a philosophy of history that is reasonable free of fallacy and supported by appropriate evidence that is itself tenable *The Historians Paradox* brings together accounts of actual historical events anecdotes about historians insights from philosophers of history and the personal experience of a long time scholar and teacher Throughout Hoffer liberally spices the mixture with humor to create a philosophy of history for our times publisher *You Lie!* Jack Cashill,2014-10-07 A devastating catalog of Barack Obama s numerous evasions misleading statements and blatant lies from statements in his national bestseller *Dreams from My Father* to You can keep your health plan PolitiFact s 2013 Lie of the Year During President Obama s address to Congress in November 2009 Representative Joe Wilson of South Carolina shouted You lie As Jack Cashill details the president has been lying about his personal history and his political philosophy from the beginning of his political career Yet throughout his meteoric rise and the first five years of his presidency the liberal media turned a blind eye to his numerous evasions contradictions misstatements deceptions untruths and outright falsehoods It wasn t until the disastrous Obamacare rollout that the president s lies caught up with him Finally it was impossible even for the mainstream media to ignore the president s repeated assertions that all Americans could keep their health care plans and family doctors if they so chose In *You Lie* conservative journalist and author Jack Cashill provides a devastating compendium of the president s false and misleading statements on matters great and small from the deliberate distortions in his celebrated memoir *Dreams from My Father* to his rise to the White House and his years as president *The Complete Works of John Bunyan* John Bunyan,1872 *Digging Roots* David F. Newton,1872 *In So*
