Lend Me Your Ears Great Speeches In History:

Lend Me Your Ears William Safire, 1997 William Safire's invaluable and immensely entertaining Lend Me Your Ears established itself instantly as a classic treasury of the greatest speeches in human history. Selected with the instincts of a great speechwriter and language maven, arranged by theme and occasion, each deftly introduced and placed in context, the more than two hundred speeches in this compilation demonstrate the enduring power of human eloquence to inspire, to uplift, and to motivate. For this expanded edition, Safire has selected more than twenty new speeches by such figures as President Bill Clinton, Senator Robert Dole, General Colin Powell, Microsoft's Bill Gates, the Dalai Lama, Edward R. Murrow, Alistair Cooke, the Buddha, and the late Israeli Prime Minister Yitzhak Rabin. They prove that even in a digital age, the most forceful medium of communication is still the human voice speaking directly to the mind, heart, and soul. **Lend Me Your Ears 2e Exp Cl**

Bush, Stuckey demonstrates how presidents accomplish the dual enactment of inclusion and exclusion through their rhetorical and political choices. Our early leaders were preoccupied with balancing the growing nation; later presidents were concerned with the nature and definitions of citizenship. By examining the political speeches of presidents exemplifying distinctly different circumstances, she presents a series of snapshots which, when taken together, reveal both the continuity and the changes in our national self-understanding.

Presidential Temples Benjamin Hufbauer, 2005 This book explores the visual and material cultures of presidential commemoration memorials and monuments libraries and archives and the problematic ways in which presidents themselves have largely taken over their own commemoration The author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self images and as another sign of our preoccupation with celebrity culture Ultimately he contends these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority and presidential self commemoration since FDR A Nation of Laws Peter Charles Hoffer, 2010 An introduction to and meditation on the key concepts history evolution complexities and importance of law in our nation's 233 year existence **Andrew Jackson and the Constitution** Gerard N.
