Friendship Barbara Caine, 2014-09-11 There has been an increasing interest in the meaning and importance of friendship in recent years particularly in the West However the history of friendship and the ways in which it has changed over time have rarely been examined **Friendship A History** traces the development of friendship in Europe from the Hellenistic period to today The book brings together a range of essays that examine the language of friendship and its significance in terms of ethics social institutions religious organizations and political alliances The essays study the works of classical and contemporary authors to explore the role of friendship in Western philosophy Ranging from renaissance friendships to Christian and secular friendships and from women s writing to the role of class and sex in friendships **Friendship A History** will be invaluable to students and scholars of social history **The Century Dictionary: The Century cyclopedia of names ... ed. by Benjamin E. Smith ... v. 12. Atlas**, 1911 **The Century Dictionary: The Century cyclopedia of names ... ed. by Benjamin E. Smith ... vol. I**, 1895 **Narrative Structure and Philosophical Debates in Tristram Shandy and Jacques le fataliste**. Margaux Whiskin, 2014-01-02 Contrary to what might be expected from a philosophical novel Sterne and Diderot do not impose their own views upon the reader The author s voice is but one amongst many others Margaux Whiskin s argument hinges on Bakhtinian dialogism which can be defined as the presence of interacting voices and views In *Tristram Shandy* and *Jacques le fataliste* dialogism occurs through the narrative structure

allowing for the confrontation of the contradictory discourses in the philosophical debates and enabling them to engage in dialogue instead of establishing the authorial voice as the sole valid discourse in the text Through those contradictions the philosophical content takes on a different form that of a refusal of systematic discourse Sterne and Diderot do not offer a solution to the various questions debated in their novels However they do offer a philosophical approach whereby the confrontation of contradictory ideas creates a dynamic for the pursuit of truth By engaging in dialogue and constantly opening questions where there is no single right answer Sterne and Diderot redirect the focus of the reader and invite him to perceive truth not as a destination to be reached or as a closed conclusion but as being present in the quest itself in the ongoing dialogues and debates
