been written from the ground up and covers all the new Moodle features in great breadth and depth. The topics have also been augmented with professional diagrams, illustrations, and checklists. The book starts by covering basic tasks such as how to set up and configure Moodle and perform day to day administration activities. You'll then progress to more advanced topics that show you how to customize and extend Moodle, manage authentication and enrolments, and work with roles and capabilities. Next, you'll learn how to configure pedagogical and technical Moodle plugins and ensure your LMS complies with data protection regulations. Then you will learn how to tighten Moodle's security, improve its performance, and configure backup and restore procedures. Finally, you'll gain insights on how to compile custom reports, configure learning analytics, enable mobile learning, integrate Moodle via web services, and support different types of multi-tenancy. By the end of this book, you'll be able to set up an efficient, fully fledged, and secure Moodle system. What you will learn: Get expert techniques to handle courses, categories, and enrolments in Moodle; Manage users, cohorts, roles, and authentication in a professional manner; Configure and manage core and third-party plugins and integrations like a pro; Explore different levels of technical and educational configuration; Enhance Moodle's look and feel to create engaging user experiences and ensure compliance with your corporate branding; Gain insights by creating powerful custom reports and learning analytics; Ensure your Moodle or Moodle Workplace complies with the latest GDPR regulations; Support different learning settings including home, office-based learning, mobile learning, and multi-tenancy. Who this book is for: If you're new to Moodle or an experienced administrator, this book is for you. It's also ideal for anyone who has to administer a Moodle system. Whether you're dealing with a small-scale local Moodle site or a large-scale multi-site learning management system, this book will assist you with any administrative task you may encounter on your journey. Basic Moodle or Moodle Workplace knowledge will be helpful but not essential.
