Kant chez les extraterrestres. Philosophictions cosmopolitiques Peter Szendy, 2013-10-03 Kant oui a parl des extraterrestres Ainsi pourrait s ouvrir ce petit trait de philosophiction comme on parle de science fiction Ce qu il s agit avant tout d interroger avec ces aliens que Kant a d prendre au s rieux comme nul autre dans l histoire de la philosophie ce sont les limites de la mondialisation C est dire ce qu il nommait le cosmopolitisme Toutefois avant de lire les consid rations kantiennes sur les habitants des autres mondes avant de suivre son ali nologie raisonn e on en passe par l analyse de la guerre des toiles qui fait rage au dessus de nos t tes Et l on envisage d abord les actuels trait s internationaux r glant le droit de l espace ainsi que la figure de ces cosmopirates que Carl Schmitt a pu voquer dans ses crits tardifs suivre ensuite les all es et venues des extraterrestres dans l uvre de Kant il appara t qu ils sont la condition n cessaire pour une introuvable d finition de l humanit Infigurables chappant toute exp rience possible ils sont pourtant inscrits au c ur m me du sensible Ils en sont le point d Archim de depuis lequel se trame son partage Lire Kant le lire en le faisant dialoguer avec des films de science fiction qu il semble avoir vus d avance c est le faire parler des questions qui nous pressent et nous oppressent notre plan te menac e l cologie la guerre des mondes Mais c est aussi tenter de penser avec lui ou au del ce qu est un point de vue Kant chez les extraterrestres est paru en 2011

Kant on the Frontier Geoffrey Bennington, 2017-05-01 Frontier the border between two countries the limits of civilization the bounds of established knowledge a new field of activity At a time when all borders boundaries margins and limits are being often violently challenged erased or reinforced we must rethink the concept of frontier itself But is there even such a concept Through an original and imaginative reading of Kant Geoffrey Bennington casts doubt upon the conceptual coherence of borders The frontier is the very element of Kant s thought yet the permanent frustration of his conceptuality Bennington brings out the frontier s complex abyssal fractal structure that leaves a residue of violence in every frontier and complicates Kant s most rational arguments in the direction of cosmopolitanism and perpetual peace Neither a critique of Kant nor a return to Kant this book proposes a new reflection on philosophical reading for which thinking the frontier is both essential and a recurrent fruitful interruption

How to Talk About Places You've Never Been Pierre Bayard, 2016-01-26 Written in the irreverent style that made *How to Talk About Books You Haven t Read* a critical and commercial success Pierre Bayard takes readers on a trip around the world giving us essential guidance on how to talk about all those fantastic places we ve never been Practical funny and thought provoking *How to Talk About Places You ve Never Been* will delight and inform armchair globetrotters and jet setters all while never having to leave the comfort of the living room Bayard examines the art of the non journey a tradition that a succession of writers and thinkers unconcerned with moving away from their home turf have employed in order to encounter the foreign cultures they wish to know and talk about He describes concrete situations in which the reader might find himself having to speak about places he s never been and he chronicles some of his own experiences and offers practical advice *How to Talk About Places You Haven t Been* is a
