movie with Kirk Douglas or maybe we had the snot scared out of us on the Disney World ride as kids regardless 20 000 Leagues Under the Sea is indelibly etched into the collective memory The original by Jules Verne was published in 1869 when submarines were in their infancy once again Verne predicts much of what will come technologically The crew of an American ship sets off to investigate a giant sea monster only to find it fight it and then realize it s a submarine It s called the Nautilus and was built by the mysterious Captain Nemo Fortunately he lets the multinational crew live long enough to go exploring with him Until like many mad scientist types he gets bored of his quarry and goes a bit nuts One last thing don t let the name 20 000 Leagues Under the Sea fool you 20K leagues is over two and a half times the circumference of the Earth The title refers to the total distance they traveled 20 000 leagues Enjoy *20,000 Leagues Under the Seas* Jules Verne,2013-12-27 The classic Jules Verne science fiction story about the adventures of three men who unwillingly become part of the crew of the Nautilus the incredibly advanced submarine of Captain Nemo Unlike the Disney movie this novel contains much more about the oceans and the life under the surface than it does in giant squid fights although that is in the book as well Careful readers will note that the title of this edition reflects the original Verne title using the word Seas This refers to the many different seas in which they travel Though portrayed as a sort of megalomaniac Nemo is actually a tortured man who lost his family and is haunted by their loss Prof Aronnax the key character both admired and loathes the man for his scientific creations and his cold hearted attacks on surface ships This is a fascinating book and is another example of how far advanced Verne s level of thinking was for his time Text was taken from an original French edition illustrations from a later printing **Twenty Thousand Leagues Under the Seas** Jules Verne,2021-03-31 Written by Jules Verne in 1870 Twenty Thousand Leagues Under the Sea is a book that tells us the story of three accidental visitors to an underwater world hosted by the mysterious Captain Nemo From their arrival on board the Nautilus the scholarly Professor Aronnax loyal Conseil and adventurous Ned Land are torn between exploring the new wonders of their surroundings and finding a way to escape They originally encounter the Nautilus in the Pacific Ocean as part of an expedition to find out what species of undiscovered whale has been damaging world shipping However far from encountering a whale that has wrecked world shipping they soon find themselves on the iron plating of a new kind of vessel a submarine From there the three find themselves below decks with Arronax an honored guest of the vessel s commander Captain Nemo As the book progresses the men hunt underwater fight sharks encounter Atlantis and fight off giant squid However after sinking a warship belonging to a country that caused the death of his family Nemo loses control on his sanity He realizes that despite his best efforts to the contrary he is just as uncivilized as those who oppressed him in the past Like those oppressors he relied on advanced technology to gain the upper hand In short Nemo finds out that he s as cruel as his opponents causing him to go over a psychological cliff Guiding the submarine into a whirlpool off the coast the vessel and all aboard seem destined for doom until Aronnax Conseil and Ned Land sneak into a boat and escape the Nautilus **20000 Leagues Under the Sea** Charles Charles Dickens,2018 Twenty
