**Mormonism-shadow Or Reality?** Jerald Tanner, Sandra Tanner, 1987

Sister Saints Colleen McDannell, 2018-10-02 The specter of polygamy haunts Mormonism More than a century after the practice was banned it casts a long shadow that obscures people's perceptions of the lives of today's Latter day Saint women Many still see them as second class citizens oppressed by the church and their husbands and forced to stay home and take care of their many children *Sister Saints* offers a history of modern Mormon women that takes aim at these stereotypes

showing that their stories are much more complex than previously thought Women in the Utah territory received the right to vote in 1870 fifty years before the nineteenth amendment only to have it taken away by the same federal legislation that forced the end of polygamy Progressive and politically active Mormon women had a profound impact on public life in the first few decades of the twentieth century They then turned inward creating a domestic ideal that shaped Mormon culture for generations The women s movement of the 1970s sparked a new vigorous and hotly contested Mormon feminism that divided Latter day Saint women By the twenty first century more than half of all Mormons lived outside the United States and what had once been a small community of pioneer women had grown into a diverse global sisterhood Colleen McDannell argues that we are on the verge of an era in which women are likely to play a greater role in the Mormon church Well educated outspoken and deeply committed to their faith these women are defying labels like liberal and conservative traditional and modern This deeply researched and eye opening book ranges over more than a century of history to tell the stories of extraordinary and ordinary Latter day Saint women with empathy and narrative flair *Liahona* ,1915 **Research Handbook of Global Families** Yvonne Kallane,Joanne Mutter,Heidi Collins,2023-10-06 With research into the lives of global families becoming an increasing focus worldwide this Research Handbook is a timely compendium of contemporary scholarship It aptly describes the work family interface delving into the unique dimensions of global family life

Volume 4. The Mormon Missionary Lessons - A Conspiracy to Deceive. Jim Whitefield,2011-02-09 The fourth in The Mormon Delusion series tracks the Mormon Missionary Lesson Manual as taught to investigators and lesson by lesson exposes and explains the truth behind the false teachings At every stage unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who

themselves have no idea they are teaching provable fiction This book exposes the underlying truth behind Joseph Smith s original fraudulent claims and modern day fictional Mormon teachings Evidence from within Mormon Church history and Mormon so called scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members missionaries and their investigators alike At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true Common sense and reason alone will be enough to determine the truth of the matter      **The Missionary Review of the World ,1899**
