## **National Senior Certificate 2014 Geography Paper 1:**

*Indigenous Teaching Disciplines and Perspectives for Higher Education* Kgari-Masondo, Maserole Christina, 2025-03-28 Literature indicates that sociolinguists and educationists often claim multilingual practice and Africanizing and Indigenizing education will jeopardize national unity and social cohesion. Such claims delay the implementation of decolonization policies and the transformation of the curriculum under false assumptions. However, research reveals many Indigenous students struggle with higher educational content which is often presented through languages that are unfamiliar to them. This implies that there is a need to uncover resources that can assist in necessitating the implementation of Indigenous education globally and that all multilingual strategies in education must be based on quality mother tongue illustrative content as its foundation. As a result, further research on the subject is necessary to enhance teaching strategies that reach all Indigenous students. *Indigenous Teaching Disciplines and Perspectives for Higher Education* illustrates the need for the implementation of a decolonized teaching and learning curriculum with integrated resources as models. It explores how to improve Indigenous knowledge content and teaching methods. Covering topics such as cultural identity, African research methodology and Indigenous media, this book is an excellent resource for teachers, policymakers, school administrators, researchers, scholars, academicians and more. *Southern African Perspectives on Sustainable Tourism Management* Jarkko Saarinen, Berendien Lubbe, Naomi N. Moswete, 2022-05-31 This edited collection focuses on tourism development, sustainability and local change in southern Africa. The book offers a range of both conceptual and applied perspectives that address various changes in southern African tourism and community development relations. The key drivers of change that include climate change and globalization form the context for the diverse and interesting set of case studies from the region. The main conceptual grounds of the book cover sustainability, sustainable development goals, SDGs, responsibility, vulnerability, adaptation, resilience, governance, local development and inclusive growth. In this book, sustainability is seen as one of the most important issues currently facing the tourism sector, affecting all types and scales of tourism operations and environments in the region. Tourism is an increasingly important economy in the southern African region and the industry is creating changes for communities and environment while also facing major challenges caused by global trends and changes. The book offers a case study driven approach to sustainability needs of tourism development in local community contexts. The case study chapters are linked through the book's focus on sustainable tourism and local community development. Through emphasizing the need to understand both global change and local contexts in sustainable tourism development, this book is a valuable resource for all those working in the field. *Academic Performance*, 2024-09-18 Academic performance is an unavoidable topic for educational scientists, instructional experts, students, faculty staff, academic managers, parents, families and policymakers. While student academic performance is a topic of passionate discussion, it is also interconnected with both faculty staff and higher education institutions. Achieving academic success requires more than just the efforts of the student. The teaching

profession in higher education increasingly demands measurable results to attest to its efficiency And the need for the accountability required from higher education institutions tends to influence institutional strategic plans according to tangible and measurable goals This book will aim to cover the different perspectives of academic performance placing on the stage the different actors in higher education students faculty and institutions      **Sqa Specimen Paper 2014 Past Paper National 5 Geography and Hodder Gibs** Sqa (Hodder Ed),2014-09-26      New Senior Geography, Suitable for Matriculation, National Senior Certificate and Senior Classes of All Provinces of the Republic Coenraad T.
