## **Learning Disabilities Understanding The Problem And Managing The Challenges:**

**Learning Disabilities** Etta K. Brown, 2009-08 The diagnosis of learning disabilities in the U S is growing at the alarming rate of 10 to 20 percent every ten years Veteran school psychologist Etta Brown responds to this trend by defining the term learning disabilities from an educational standpoint and offers suggestions to prevent your child s diagnosis from hampering his her growth She identifies barriers to learning that may be present in your child s environment and indicates how to remove them to provide your child with an atmosphere in which he she will thrive This helpful reference book identifies problem behaviors exhibited by the child how to accommodate them in the classroom and what can be done at home to help Included are summaries of special education laws the power granted to parents by those laws how to use them to ensure that your child receives an appropriate education and much more **Learning Disabilities Understanding the Problem and Managing the Challenges** offers strategies and solutions that will make an immediate difference in the lives of children **Problem**

**Behaviour and People with Severe Learning Disabilities** Ewa Zarkowska, John Clements, 2018-09-03 First published in 1994 This book is a practical guide for those involved in the daily care education and development of people with learning disabilities and additional behavioural and emotional disturbances It will assist professional helpers in understanding the nature of an individual s difficulties and in developing interventions aimed at alleviating them **Psychiatric Presentations in General Practice -- A Guide to Holistic Management** Anju Kuruvilla KS Jacob, K. S. Jacob, Anju Kuruvilla, 2010-04 Medical schools currently use specialist perspectives on psychiatric disorders to train physicians nurses and health professionals The focus of such an approach is on transmission of knowledge rather than skills This results in a lack confidence among non psychiatric health professionals which reduces their ability to manage common mental health conditions in primary care and secondary hospitals This book is a practical guide to common mental health conditions encountered in general medical practice It includes simple guidelines and a systematic approach to identifying assessing and managing such problems in adults and children The book also incorporates patient information leaflets as well as guidance for the clinician as to when patients should be referred to a psychiatrist for specialist management The target readership includes medical nursing and paramedical students general practitioners non psychiatric physicians and counsellors **Key Concepts in Learning**
