Leibniz And The Kabbalah:

Leibniz and the Kabbalah A.P. Coudert, 2013-03-14 The general view of scholars is that the Kabbalah had no meaningful influence on Leibniz's thought But on the basis of new evidence I am convinced that the question must be reopened The Kabbalah did influence Leibniz and a recognition of this will lead to both a better understanding of the supposed quirkiness 2 of Leibniz's philosophy and an appreciation of the Kabbalah as an integral but hitherto ignored factor in the emergence of the modern secular and scientifically oriented world During the past twenty years there has been increasing willingness to recognize the important ways in which mystical and occult thinking contributed to the development of science and the emergence 3 of toleration However the Kabbalah particularly the Lurianic Kabbalah with its monistic vitalism and optimistic philosophy of perfectionism and universal salvation has not yet been integrated into the new historiography although it richly deserves to be On the basis of manuscripts in libraries at Hanover and Wolfenbiittel it is clear that Leibniz's relationship with Francis Mercury van Helmont 1614 1698 and Christian Knorr von Rosenroth 1636 1689 the two leading Christian Kabbalists of the period was much closer than previously imagined and that his direct knowledge of their writings especially the collection of 4 kabbalistic texts they published in the Kabbala Denudata was far more detailed than most scholars have realized During 1688 Leibniz spent more than a month at Sulzbach with von Rosenroth

Leibniz, Mysticism and Religion A.P. Coudert, R.H. Popkin, G.M. Weiner, 2013-04-17 Some scholars in the history of ideas have had a growing interest in examining Leibniz's many discussions of various aspects of religion Christian Jewish and far eastern Leibniz with his voracious interest and concern for so many aspects of human intellectual and spiritual life read a wide variety of books on the various religions of

mankind He also was in personal contact with many of those who espoused orthodox and non orthodox views He annotated his copies of many books on religious subjects And he was working on schemes for reuniting the various Catholic and Protestant churches in Europe Studies on Leibniz s views on Judaism on the Kabbalah on Chinese thought have been appearing over the last decades It was decided by some of us that since there has been a growing interest in this side of Leibniz s thought it would be a good idea to bring together a group of scholars working on different aspects of Leibniz s views on religion mysticism and spiritualism in order to have them present papers on their current researches and to have the opportunity for lengthy discussion formal and informal in the most pleasant academic ambiance of the William Andrews Clark Library in Los Angeles Under the sponsorship of the UCLA Center for Seventeenth and Eighteenth Century Studies a workshop conference was held November 18 19 1994 *Historical Dictionary of Leibniz's Philosophy* Stuart Brown, N. J. Fox, Julia Weckend, 2023-04-30 Gottfried Wilhelm Leibniz was one of the first modern philosophers and one of the most important His contributions were often groundbreaking and his impact remains in such fields as logic mathematics science international law and ethics *Historical Dictionary of Leibniz's Philosophy* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on Leibniz s philosophy written work teachers contemporaries and philosophers influenced by him This book is an excellent resource for students researchers and anyone wanting to know more about Leibniz s Philosophy *Judaism and Enlightenment* Adam Sutcliffe, 2004 This study investigates the philosophical and political significance of Judaism in the intellectual life of seventeenth and eighteenth century Europe Adam Sutcliffe shows how the widespread and enthusiastic fascination with Judaism prevalent around 1650 was largely eclipsed a century later by attitudes of dismissal and disdain He argues that Judaism was uniquely difficult for Enlightenment thinkers to account for and that their intense responses both negative and positive to Jewish topics are central to an understanding of the underlying ambiguities of the Enlightenment itself Judaism and the Jews were a limit case a destabilising challenge and a constant test for Enlightenment rationalism Erudite and highly broad ranging in its sources and yet extremely accessible in its argument *Judaism and Enlightenment* is a major contribution to the history of European ideas of interest to scholars of Jewish history and to those working on the Enlightenment toleration and the emergence of modernity itself **The Impact of the Kabbalah in the Seventeenth Century** Allison P. Coudert, 2023-08-14 If he had lived among the Greeks he would now be numbered among the stars So wrote Gottfried Wilhelm Leibniz in his epitaph for Francis Mercury van Helmont Leibniz was not the only contemporary to admire and respect van Helmont but although famous in his own day he has been virtually ignored by modern historians Yet his views influenced Leibniz contributed to the development of modern science and fostered the kind of ecumenicalism that made the concept of toleration conceivable The progressive nature of van Helmont s thought was based on his deep commitment to the esoteric doctrines of the Lurianic Kabbalah With his friend Christian Knorr von Rosenroth van Helmont edited the Kabbala

Denudata 1677 1684 the largest collection of Lurianic Kabbalistic texts available to Christians up to that time Because the subject matter of this work appears so difficult and arcane it has never been appreciated as a significant text for understanding the emergence of modern thought However one can find in it the basis for the faith in science the belief in progress and the pluralism characteristic of later western thought The Lurianic Kabbalah thus deserves a place it has never received in histories of western scientific and cultural developments Although van Helmont s efforts contributed to the development of religious toleration his experience as a prisoner of the Inquisition accused of Judaising reveals the problematic relations between Christians and Jews during the early modern period New Inquisitional documents relating to van Helmont s imprisonment will be discussed to illustrate the difficulties faced by anyone advocating philo semitism and toleration at the time

Alsted and Leibniz Johann Heinrich Alsted,1998-12-31 **Elijah of Vilna and the Making of Modern Rabbinic Judaism** Eliyahu Stern,2008 **The Impact of Aristotelianism on Modern Philosophy** Riccardo Pozzo,2004 The contributors pay particular attention to the role of the five intellectual virtues set forth by Aristotle in book VI of the Nicomachean Ethics art prudence science wisdom and intellect in modern philosophy BOOK JACKET Dictionary of Gnosis and Western Esotericism Wouter J. Hanegraaff,Antoine Faivre,R. van den Broek,Jean-Pierre Brach,2005 This is the first comprehensive reference work to cover the entire domain of Gnosis and Western Esotericism from Late Antiquity to the present It contains critical discussions of all its major authors currents and manifestations from Gnosticism to the New Age Also available soon in unabridged one volume edition **The Varieties of Understanding: Introduction. Cambridge analytical philosophy** Nikolay Milkov,1997 **Ancient Wisdom and Modern Philosophy** Sarah Hutton,1994 *Cauda Pavonis* ,2001 **Ben: Sonship and Jewish Mysticism** Moshe Idel,2007 This book constitutes the first attempt to address the category of Sonship in Jewish mystical literature as a whole a category much more vast than ever imagined By this survey not only can the mystical forms of Sonship in Judaism be better understood but the concept of Sonship in religion in general can also be enriched **Encyclopedia of Philosophy: Jouffroy-Malebranche** ,2006 *Leibniz and Adam* Marcelo Dascal,Elhanan Yakira,1993 **Studia Leibnitiana** ,1999 *Germanic Notes* ,1995 **Aries** ,2005 The Journal of Jewish Studies ,2000
