African Americans at Risk Glenn L. Starks, 2015-06-22 With all of the progress African Americans have made they still face many risks that threaten the entire race or place segments in jeopardy of survival This work examines the widespread problem and suggests solutions This two volume set examines the issues and policies that put African Americans at risk in our culture today utilizing the most recent research from scholars in the field to provide not only objective encyclopedic information but also varying viewpoints to encourage critical thinking The entries comprehensively document how African Americans are treated differently have more negative outcomes in the same situations than other races and face risks due to issues inherent in their past or current social and economic conditions Care is taken to note distinctions between subgroups and not further a blanket approach to the diverse members of this minority population Intended for members of the African American community societal scholars students in the fields of health social studies and public policy as well as general readers this work will provide readers with a deeper understanding of key components affecting the lives of African Americans today

The Daycare Myth Dan Wuori, 2024 For a century America's early childhood policy has been premised on a myth This falsehood which dictates that child care and education are somehow separate and distinct not only suboptimizes the most important window in all of human development but costs American taxpayers an untold fortune It's time to think differently Written in plain yet provocative language by one of the field's most respected bipartisan policy experts *The Daycare Myth* makes the case for why the early years matter why America's longstanding early childhood policy approach sacrifices the needs of young children in favor of promoting adult employment and why fixing the problem makes good sense regardless of your place on the political spectrum With straightforward guidance for policymakers practitioners

and parents this incredibly timely book is a wakeup call for a nation that aspires to nothing less than the wholesale transformation of America's early childhood landscape. Book Features Invites readers to rethink their very understanding of the early years by outlining a bipartisan case for change. Addresses the needs of policymakers, practitioners, and parents individually with practical implications and action steps for each. Melds policy with what the current science of brain development tells us about the importance of children's early years and the critical role they play in future success. Challenges longstanding assumptions, calls out ineffective approaches, and outlines a new path beneficial to children and families, employers, state and federal economies, and society as a whole.

Postcolonial Images of Spiritual Care

Emmanuel Y. Lartey, Hellena Moon, 2020-09-23. This anthology is about caring for all persons as a part of the revolutionary struggle against colonialism in its many forms. In recognition of the varied ways in which different forms of oppression, injustice, and violence in the world today are traceable to the legacy and continuing effects of colonialism, various authors have contributed to the volume from diverse backgrounds, including differing ethnic identities, religious and cultural traditions, gender, and sexual orientations, as well as communal and personal realities. As a postcolonial critique of spiritual care, it highlights the plurality of voices and concerns that have been overlooked or obscured because of the politics of race, religion, sexuality, nationalism, and other structures of power that have shaped what discursive spiritual care entails today. *Postcolonial Images of Spiritual Care* presents voices of practical and pastoral theologians, academics, spiritual care providers, religious leaders, students, and activists working to provide greater intercultural spiritual care and awareness in the areas of healthcare, community work, and education. The volume, as such, expands the discourse of spiritual care and participates in the ongoing paradigm shifts in the field of pastoral and practical theology.

Explorers Journal Ernest Ingersoll, 1966

Children's Books in Print, 2007, 2006

Girl Culture Claudia Mitchell, Jacqueline

Reid-Walsh, 2007-12-30. Never before has so much popular culture been produced about what it means to be a girl in today's society. From the first appearance of Nancy Drew in 1930 to Seventeen magazine in 1944 to the emergence of Bratz dolls in 2001, girl culture has been increasingly linked to popular culture and an escalating of commodities directed towards girls of all ages. Editors Claudia A. Mitchell and Jacqueline Reid-Walsh investigate the increasingly complex relationships, struggles, obsessions, and idols of American tween and teen girls who are growing up faster today than ever before. From pre-school to

high school and beyond Girl Culture tackles numerous hot button issues including the recent barrage of advertising geared toward very young girls emphasizing sexuality and extreme thinness Nothing is off limits body image peer pressure cliques gangs and plastic surgery are among the over 250 in depth entries highlighted Comprehensive in its coverage of the twenty and twenty first century trendsetters fashion literature film in group rituals and hot button issues that shape and are shaped by girl culture this two volume resource offers a wealth of information to help students educators and interested readers better understand the ongoing interplay between girls and mainstream culture
