Introduction Grandma was a great believer in natural remedies and cures She knew that herbs and other plant products were amazingly efficient and effective in getting rid of minor ailments which would be the lot and portion of her large family That is why she used all those nostrums infusions decoctions and other herbal products which had been passed on to her by her grandma and so on down the ages So here is another collection of grandma s natural remedies and ancient herbal recipes to keep you healthy as well as beautiful All these products are easily available right in your garden or in your kitchen Best of all they have no aftereffects and they have no side effects That is because all these products are completely hundred percent natural Why are so many people going back to natural remedies and ancient herbal recipes in the 21st century That is because they have found that chemical based drugs and medicines have a short term effect They may also come accompanied with toxic effects and side effects So you are going to find yourself suffering from these long term aftereffects However that is definitely not the case when you are taking natural remedies which have been made with hundred percent natural products And that is what grandma did She gathered all the natural products available in her garden or easily available in the woods when she went rambling out gathering herbs and brought them home These were then used to cure a number of ailments Some of them seem rather drastic but you need to remember that grandma was more of an experimenter She knew that there was one product in these herbal combinations which did all the magic The rest were just filling

Grandma's Natural Remedies and Ancient Herbal Beauty Recipes Volume 1 John Davidson, 2013-05-15 Grandma s Natural Remedies and Ancient Herbal Beauty Recipes Table of Contents Introduction Monday s Child Is Fair of Face The Healing Power of Infused Oil Remedies for winter Chilblains Sciatica Stiff Joints Quit your Bellyachin Simple Perfumed Ointments Natural Cures For Summer Ailments Appendix Introduction A couple of years ago somebody asked me what made me so interested in herbal remedies and natural cures as well as natural beauty recipes That is when I told him that the wisdom of the ancients had not been garnered together and would be lost as the generations forgot about asking their old wise ancestors the Lore which they knew So I was seven years old when I decided to myself that I needed to know everything about what my grandmother had learned from her grandmother And I started writing those ancient natural remedies and beauty recipes down More than three decades later I started writing books on natural remedies and natural herbal recipes which I collected whenever I went around the countryside People used to go around looking at the places to visit I used to go around asking for the oldies of the village who would give me herbal remedies and recipes In around 30 years I collected thousands of these recipes which were and are still being used by villagers and townsfolk and which have been given to them down the ages And they work because

all the ingredients are natural And also the genetic makeup of hard working people living in an unpolluted atmosphere helped in keeping them healthy So they did not have to go running to a doctor whenever they caught a sniffle They knew the easiest herbal tisane in which would put them straight in a couple of days Now I spent my childhood and youth in jungles as well as in remote areas in all corners of the compass where nobody believed in medicines and sometimes medical access for serious cases was able only through air lifting by a helicopter but everybody believed in the power of nature and her curative properties Also plenty of exercise a good and healthy diet and grandma s natural remedies kept us healthy and happy And the funny thing is that the only times we got sick with measles mumps and chickenpox was when we came down from the mountains to the cities and the towns during our annual vacations The moment we got back into the healthy atmosphere of the mountains with plenty of fresh air plenty of fruit and drink and plenty of opportunities to create lots of childish mischief and mayhem we were content and happy children again We never knew that there were medicines which you needed to pop to keep healthy Is not this the natural trend of the 21st century civilized person You have lost your faith in natural remedies to keep you healthy You would rather buy something expensive which is being endorsed by your favorite star I am certain she never uses that medicine herself because it is made up of chemicals These chemicals are going to have a harmful after effect on your body The first thing you do when you wake up is take some vitamins with your breakfast After that you take some vitamins or pills to pep you up Then you take the medicines prescribed to you by a doctor Count the times you take some sort of medicine in the shape of a pill vitamin and drug throughout the day And then can you believe someone who has not been to see a doctor for the last 30 years There are plenty of octogenarians in our area who believe in natural remedies and good diets to keep them healthy They are all grandpas and grandmas They do not coddle themselves with pills and medicines
