Life Orientation Papers From 2008 Trials:

Charting the course of education and HIV UNESCO,2014-03-11 More than three decades after the identification of the virus HIV continues to affect millions of people worldwide Much progress has been made and infection rates are down in a number of countries From the beginning the education sector has played a central role in responding to HIV though its role and the contribution of school based HIV education has been the subject of much debate This book explores the major debates and provides an overview of how the role of the education sector and approaches to HIV education have evolved what has been learned emerging challenges and opportunities and proposes a way forward for the education sector to contribute to the prevention of new infections treatment and care and reduce stigma and discrimination The Education on the Move series seeks to bring research knowledge produced by various academic disciplines and within various organizations to those who can shape educational policies and drive reforms

Media Portrayals of Religion and the Secular Sacred Dr Elizabeth Poole,Dr Teemu Taira,Professor Kim Knott,2013-11-28 Is it true that Christianity is being marginalised by the secular media at the expense of Islam Are the mass media Islamophobic Is atheism on the rise in media coverage Media Portrayals of Religion and the Secular Sacred explores such questions and argues that television and newspapers remain key sources of popular information about religion They are particularly significant at a time when religious participation in Europe is declining yet the public visibility and influence of religions seems to be increasing Based on analysis of mainstream media the book is set in the context of wider debates about the sociology of religion and media representation The authors draw on research conducted in the 1980s and 2008 10 to examine British media coverage and representation of religion and contemporary secular values and to consider what has changed in the last 25 years Exploring the portrayal of Christianity and public life Islam and religious diversity atheism and secularism and popular beliefs and practices several media events are also examined in detail the Papal visit to the UK in 2010 and the ban of the controversial Dutch MP Geert Wilders in 2009 Religion is shown to be deeply embedded in the language and images of the press and television and present in all types of coverage from news and documentaries to entertainment sports reporting and advertising A final chapter engages with global debates about religion and media

Handbook of Positive Psychology in Schools Kelly-Ann Allen,Michael J. Furlong,Dianne Vella-Brodrick,Shannon Suldo,2022-02-23 The Handbook of Positive Psychology in Schools offers the most current and comprehensive insights into how positive psychology principles provide a framework for young people to become active agents in their own learning The third edition of this groundbreaking volume assembles the latest global research identifying fundamental assets hope optimism gratitude self efficacy emotional regulation among others that support students learning and well being Chapters examining social ecological perspectives on classroom quality and school climate provide best practice guidance on schoolwide policies and practices These 35 new chapters explore positive psychology s ongoing influence and advances on prevention intervention and assessment practices

in schools Neighbourhood Effects Research: New Perspectives Maarten van Ham, David Manley, Nick Bailey, Ludi Simpson, Duncan MacLennan, 2011-11-22 Over the last 25 years a vast body of literature has been published on neighbourhood effects the idea that living in more deprived neighbourhoods has a negative effect on residents life chances over and above the effect of their individual characteristics The volume of work not only reflects academic and policy interest in this topic but also the fact that we are still no closer to answering the question of how important neighbourhood effects actually are There is little doubt that these effects exist but we do not know enough about the causal mechanisms which produce them their relative importance in shaping individual s life chances the circumstances or conditions under which they are most important or the most effective policy responses Collectively the chapters in this book offer new perspectives on these questions and refocus the academic debate on neighbourhood effects The book enriches the neighbourhood effects literature with insights from a wide range of disciplines and countries **Equality on Trial** Katherine Turk, 2016-06 In 1964 Title VII of the Civil Rights Act outlawed workplace sex discrimination but its practical meaning was uncertain Equality on Trial examines how a generation of workers and feminists fought to infuse the law with broad notions of sex equality reshaping workplaces activist channels state agencies and courts along the way Social Psychological Perspectives on Stigma John B. Pryor, Arjan E. R. Bos, 2016-04-08 The year 2013 marks the 50th anniversary of the publication Erving Goffman s landmark work Stigma Notes on the Management of Spoiled Identity Through this edited volume we commemorate the continuing contribution of Goffman s work on stigma to social psychology As Goffman originally used the term stigma implies some sort of negative deviance or in his words an undesired differentness from what we had anticipated Since Goffman s pioneering treatise there have been thousands of articles published on different aspects of stigma The accelerating volume of articles is testimony to the growing importance of stigma research with almost three out of four of the stigma related publications in the research literature appearing in the last 10 years In this volume a collection of up and coming and seasoned stigma researchers provide both theoretical insights and new empirical findings The volume should be of interest to both established researchers and advanced students seeking to learn more about the depth and breadth of stigma research This book was originally published as a special issue of Basic and Applied Social Psychology Thermal Process Modeling 2014: B. Lynn Ferguson, Robert Goldstein, Scott MacKenzie, and Rozalia Papp, 2014-06-01 Thermal processes are key manufacturing steps in producing durable and useful products with solidification welding heat treating and surface engineering being primary steps These papers represent the latest state of the art in thermal process modeling The breadth of topics covers the depth of the industry **Paper Technology** , 2008 **Positive Psychotherapy** Tayyab Rashid, Martin P. Seligman, 2018-07-17 For over a century the focus of psychotherapy has been on what ails us with the therapeutic process resting upon the assumption that unearthing past traumas correcting faulty thinking and restoring dysfunctional relationships is curative And indeed they are but in the rush to identify and reduce symptoms of mental

disorder something important has been overlooked the positives Should enhancing well being and building upon character strengths and virtues be explicit goals of therapy Positive Psychotherapy provides therapists with a session by session therapeutic approach based on the principles of positive psychology a burgeoning area of study examining the conditions and processes that enable individuals communities and institutions to flourish This clinician s manual begins with an overview of the theoretical framework for positive psychotherapy exploring character strengths and positive psychology practices processes and mechanisms of change The second half of the book contains 15 positive psychotherapy sessions each complete with core concepts guidelines skills and worksheets for practicing skills learned in session Each session also includes at least one vignette as well as discussion of cross cultural implications Mental health professionals of all orientations will find in Positive Psychotherapy a refreshing alternative to symptom based approaches that will endow clients with a sense of purpose and meaning that many have found lacking in more traditional therapies

The (Mis)Representation of Queer Lives in True Crime Abbie E. Goldberg, Danielle C. Slakoff, Carrie L. Buist, 2023-08-25 This book examines the representation and misrepresentation of queer people in true crime addressing their status as both victims and perpetrators in actual crime as well as how the media portrays them The chapters apply an intersectional perspective in examining criminal cases involving LGBTQ people as well as the true crime media content surrounding the cases The book illuminates how sexual orientation gender race and other social locations impact the treatment of queer people in the criminal legal system and the mass media Each chapter describes one or more high profile criminal cases involving queer people e g the murders of Brandon Teena and Kitty Genovese serial killer Aileen Wuornos the Pulse nightclub mass shooting The authors examine how the cases are portrayed in the media via news films podcasts documentaries books social media and more Each chapter discusses not only what is visible or emphasized by the media but also what is invisible in the accounting or societal focus surrounding the case Lesser known but similar cases are used in the book to call attention to how race gender sexuality sexual orientation social class and or other features influence the dominant narrative surrounding these cases Each chapter addresses teachable moments from each case and its coverage leaving readers with several considerations to take with them into the future The book also provides media resources and supplemental materials so that curious readers including scholars students content creators and advocates can examine the cases and media content further The book will appeal to scholars and students of criminology psychology sociology law media studies sexuality studies and cultural studies and people with an interest in true crime
