Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09 *Forthcoming Books* Rose Army, 2003-04 Material Literacy in 18th-Century Britain Bloomsbury Publishing, 2020-09-03 The eighteenth century has been hailed for its revolution in consumer culture but *Material Literacy in Eighteenth Century Britain* repositions Britain as a nation of makers. It brings new attention to eighteenth century craftswomen and men with its focus on the material knowledge possessed not only by professional artisans and amateur makers but also by skilled consumers. This edited collection gathers together a group of interdisciplinary scholars working in the fields of art history, history, literature and museum studies to unearth the tactile and tacit knowledge that underpinned fashion, tailoring and textile production. It invites us into the workshops, drawing rooms and backrooms of a broad range of creators and uncovers how production and tacit knowledge extended beyond the factories and machines which dominate industrial histories. This book illuminates for the first time the material literacies learnt, enacted and understood by British producers and consumers. The skills required for sewing, embroidering and the textile arts were possessed by a large proportion of the British population, men, women and children, professional and amateur alike. Building on previous studies of shoppers and consumption in the period as well as narratives of manufacture, these essays document the multiplicity of small producers behind Britain's consumer revolution, reshaping our understanding of the dynamics between making and objects, consumption and production. It demonstrates how material knowledge formed an essential part of daily life for eighteenth century Britons. Craft technique, practice and production: the contributors show constituted forms of tactile languages that joined makers together, whether they produced objects for profit or pleasure. **Bowker's Law Books and Serials in Print**, 1995 The American Contractor, 1914
