Wiki Writing Matthew Barton, Robert Cummings, 2009-12-10 An indispensable and engaging guide to using wikis in the classroom     British Working Class women authors (born before 1962) a list Stefan Szczelkun , 2025-06-07 A collection of Wikipedia articles edited reformatted and with additions In chronological order References and sections on non literary activity are sometimes omitted hopefully not to the point of misrepresenting the author which might include feminist or political activism To my surprise the biographical material on Wikipedia was sometimes mesmerising although it was uneven Where there were gaps I have tried to fill them from other sources Refer back to the wikipedia articles for more context and references in some cases and if you have a verified source of information please update the Wikipedia article Wikipedia is published under a creative commons licence So this compilation also carries a creative commons licence Introduction Looking through Sarah Richardson s *Writing on the Line* 1996 I was struck by how many of the working class women writers were from North America and how many more were poets Howard Slater had made a list of British working class male novelists and I selected British woman writers from *Writing on the Line* and found that most of them now have Wikipedia pages I first made a list of links Wanting to take this further I first looked to focus on novels and short story writers but this category started to break up as many writers wrote in many idioms producing fact fiction poetry plays screenwriting and journalism I decided on an arbitrary cut off point of writers born before 1962 When I first made the list I was thinking how few working class women novelists had been published in this period But then the lists of books by each author started to stack up and there s plenty to read and much that I missed even really hearing about Of course it focuses on the most successful others who produced a community published autobiography or self published novel did not get a Wikipedia page and they should really be included every life counts Others only published an autobiography perhaps in the last years of life but were extraordinary writers and people We could also discuss the genre snobbery in literary circles that puts crime young peoples literature romantic and fantasy fiction and perhaps historical based narratives in a lower category than the novel     *Forum* , 1982     **English Teaching Forum** , 2009     **Edinburgh Companion to Shakespeare and the Arts** Mark Thornton Burnett, 2011-10-12 Explores the place of Shakespeare in relation to artistic practices and activities past and present This substantial reference work explores the place of Shakespeare in relation to cultural processes that take in publishing exhibiting performing reconstructing and disseminating The 30 newly commissioned chapters are divided into 6 sections Shakespeare and the Book Shakespeare and Music Shakespeare on Stage and in Performance Shakespeare and Youth Culture Shakespeare Visual and Material Culture Shakespeare Media and Culture Each chapter provides both a synthesis and a discussion of a topic informed by current thinking and theoretical reflection     *What Every Student Should Know about Citing Sources with MLA Documentation* Michael Greer, 2007 *What Every Student Should Know About Citing Sources with MLA Documentation* provides specific instructions on writing and referencing in the Modern Language
