***Mysterious Psychic Forces*** Camille Flammarion, 2014-03 This Is A New Release Of The Original 1909 Edition ***Mysterious Psychic Forces*** Camille Flammarion, 1907 ***Mysterious psychic forces : an account of the author's investigations in*** Camille Flammarion, *Mysterious Psychic Forces: An Account of the Author's Investigations in Psychical Research, Together with Those of Other European Savants* Camille Flammarion, 1909-01-01 I do not conceal from myself the consequences of such sincerity It requires a good deal of boldness to insist on affirming in the name of positive science the POSSIBILITY of these phenomena wrongly styled supernatural and to constitute one s self the champion of a cause apparently ridiculous absurd and dangerous knowing at the same time that the avowed adherents of said cause have little standing in science and that even its eminent partisans only venture to speak of their approval of it with bated breath However since the matter has just been treated momentarily in fugitive writings by a group of journalists whose exacting labors wholly forbid a study of the psychic and physical forces and since of all this multitude of writers the greater part have only heaped error upon error puerility upon extravagance and since it appears from every page they have written I hope they will pardon me that not only are they ignorant of the very a b c of the subject they have so fantastically treated but their opinions upon this class of facts rest upon no basis whatever therefore I have thought it would serve a purpose if I should leave as a souvenir of the long wrangle a piece of writing better based and buttressed than the lucubrations of the above mentioned gentlemen As a lover of truth I am willing to face a thousand reproaches Be it distinctly understood that I do not for a moment deem my judgment superior to that of my confreres some of

whom are in other respects highly gifted The simple fact is that they are not familiar with this subject but are straying in it at random wandering through a strange region They misunderstand the very terminology and imagine that facts long ago well authenticated are impossible By way of contrast the writer of these lines will state that for several years he has been engaged in discussions and experiments upon the subject I am not speaking of historical studies Moreover although the old saw would have us believe that it is not always desirable to state the truth yet to speak frankly I am so indignant at the overweening presumption of certain polemical opponents and at the gall they have injected into the debate that I do not hesitate to rise and point out to the deceived public that without a single exception all the arguments brought up by these writers and upon which they have boldly planted their banner of victory prove absolutely nothing NOTHING against the possible truth of the things which they in the fury of their denial have so perverted Such a snarl of opinions must be analyzed In brief the true must be disentangled from the false Veritas veritas
