Myth, Ritual and Religion [volume 1] Andrew Lang,1995 **Myth Ritual and Religion Vol 1** Andrew Lang,2021-08-17 Myth Ritual and Religion vol 1 From Andrew Lang *Myth, Ritual, and Religion, Vol 1* Andrew Lang,1913

When this book first appeared 1886 the philological school of interpretation of religion and myth being then still powerful in England was criticised and opposed by the author In Science as on the Turkish throne of old Amurath to Amurath succeeds the philological theories of religion and myth have now yielded to anthropological methods The centre of the anthropological position was the ghost theory of Mr *Myth, Ritual, and Religion* Andrew Lang,2015-07-23

Excerpt from Myth Ritual and Religion Vol 1 The following work is not a key to all mythologies but an attempt to disengage and examine as far as possible separately and as far as possible historically the various elements of religion and myth The evidence of ritual is adduced because of the conservative tendencies of rites on which the prosperity of tribes and states is believed to depend While the attempt is made to show that the wilder features of myth survive from or were borrowed from or were imitated from the ideas of people in the savage condition of thought the existence even among savages of comparatively pure if inarticulate religious beliefs or sentiments is insisted on throughout It is pointed out that neither history experiment nor observation enables us to reach the actual Origins nor to determine with certainty whether the religious or the mythical the irrational or the sympathetic element is the earlier or whether both are of equal antiquity

Myth, Ritual and Religion Andrew Lang, 2020-02-10 This looks at the history of mythology around the world From the preface When this book first appeared 1886 the philological school of interpretation of religion and myth being then still powerful in England was criticised and opposed by the author In Science as on the Turkish throne of old Amurath to Amurath succeeds the philological theories of religion and myth have now yielded to anthropological methods The centre of the anthropological position was the ghost theory of Mr Herbert Spencer the Animistic theory of Mr E R Tylor according to whom the propitiation of ancestral and other spirits leads to polytheism and thence to monotheism In the second edition 1901 of this work the author argued that the belief in a relatively supreme being anthropomorphic was as old as and might be even older than animistic religion The word Religion may be and has been employed in many different senses and with a perplexing width of significance No attempt to define the word is likely to be quite satisfactory but almost any definition may serve the purpose of an argument if the writer who employs it states his meaning frankly and adheres to it steadily
