Frédéric Chopin: The Etudes Jan Marisse Huizing, 2015-12-09 The Chopin Etudes are without doubt one of the highlights of piano literature they are essential in achieving a masterful technique and full of musical ideas The present e book edition illustrates the etudes in a historical context based on an excursus on Chopin's piano methodology and a thorough comparison of the musical texts from the original manuscripts to the most recent urtext editions It deals with questions about genesis style interpretation and playing technique as well as with the history and development of the piano This casts an entirely new light not only on the etudes themselves but also on the interpretation of other works by Chopin With its numerous examples facsimile reproductions and a discography this e book is a must have for both lovers of Chopin's music and advanced amateur and professional pianists  
Chopin Victor Lederer, 2006 CHOPIN A LISTENER'S GUIDE TO THE MASTER OF THE PIANO  
Chopin Etudes...an Analysis Chopin Piano Academy, Ralph Carroll Hedges, 2002-12-01 This is a monumental work probing the mind of Chopin and his genius No pianist is complete without an ability to perform these difficult Etudes They are difficult both from a technical and from a musical viewpoint They are not exercises They are works of art probing the various difficulties the pianist will encounter in his/her repertoire Learning these Etudes as with any other work of art does not start with memorizing Studying is the first item on the pianist's agenda Studying analyzing and learning thereby will create a deep understanding of the composer's intent Memory per se must not be a goal nor should it be an issue Understanding is the sum total of the pianist's efforts in the practice period Memory will be a result of this work However before the pianist can tackle the Etudes he/she must understand the language of music Scales and modes intervals triads and seventh chords and their qualities and functions and modulation are all part of the language of music Chopin understood and was a master in the language of music The pianist must also understand and master this language <http://www.musicanalysis.com/books/html>
