Annotation to Manual for Courts-martial, United States, 1951 United States. Air Force,1957

Manual for Courts-Martial , *The Military as a Separate Society* Pauline Collins,2019-10-09 The exercise of public power by the military in civilian Western democracies

such as Australia and the United States demonstrates a tendency toward diminished responsibility for moral behavior Pauline Collins argues that a different system of military criminal investigation and discipline outside the civilian justice system enables the military to operate like a coterie and can lead to a failure in the requisite moral standard of behavior required of military personnel and maintaining civilian institutional control Collins argues that the justifications for separate treatment weakens both the military reputation and the practice of civilian control of the military as well as leading to an overall decline in morality and values in a democratic society
