Mantle, 2007-02-12 Canadian soldiers have served their country for centuries and for the most part they have done so
honourably and loyally Yet on certain occasions their conduct has been anything but honourable Whether by disobeying their
legal orders terrorizing the local population or committing crimes in general some soldiers have embodied the very antithesis
of appropriate military conduct Covering examples of unsavoury behaviour in the representatives of our military forces from
the War of 1812 to the immediate aftermath of the First World War **The Apathetic and the Defiant** reveals that disobedience
and mutiny have marked all of the major conflicts in which Canada has participated Canadian military indiscipline has long
been overshadowed by the nation's victories and triumphs until now Field & Stream, 1970-05 FIELD STREAM America's
largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound
advice while honoring the traditions hunters and fishermen have passed down for generations **Road and Track**, 1973

America's Science Museums Victor J. Danilov, 1990-11-29 Danilov is a preeminent authority on museums According to
Danilov visits to science related museums constitute 38 to 45 percent of all visits to museums in the U S At the beginning of
each section there is an introduction describing the history of that particular type of museum Museum entries vary from
about one half page to two pages in length A typical entry provides a history of the museum and description of the collection
America's Science Museums is a well designed book that can be recommended to all public and academic libraries Reference
Books Bulletin Science museums although they comprise less than 20 percent of the nearly 7 000 cultural institutions known
as museums in the United States have become America's most popular type of museum From New Bedford to Waikiki
America's Science Museums assesses the nation's scientific and technological museums and related institutions examining
their histories operations and offerings This reference volume looks at the many different types of such institutions including
some that are not called museums but that are museum like in their operations such as aquariums botanical gardens
arboretums planetariums and zoos In addition some related facilities such as marinelife and wildlife parks and research sites
with visitor centers such as observatories and NASA space centers are included Most of the museums described in the twelve
sections of this unique comprehensive guide were selected because of their stature in the field while others were included
because of their age specialty or novelty Overall the museums detailed here represent a cross section of the rapidly
expanding science museum field and they illustrate why science museums have become so popular and instrumental in
furthering science literacy across the U S The book's twelve sections focus on aquariums marine museums and marine life

parks aviation and space museums botanical gardens conservatories and arboretums industrial history museums maritime and naval museums medical and health museums natural history museums planetariums and observatories science and technology centers transport automobile and railway museums zoos and wildlife parks and other science technology museums Thorough descriptions of the 480 museums and related institutions provide comparative information on the nature development facilities collections and offerings of each An ideal reference for college courses dealing with the history philosophy collections exhibits operations and management of museums and for other researchers seeking background information and insight into the special merits of the leading institutions in the fields of science and technology
