Levesque,2021-08-10 Kevin was a hard worker He never allowed anyone to give him anything he didn't earn It's just how he was raised Well something was given to him that he didn't deserve accidentally But it's not something that can be given back Power Magical Power Kevin was given the last vial in existence of a Magical solution More like it smashed into him There's just one problem he's human Humans aren't supposed to know about the Magical world Why's that Because humans can't do Magic Period Oh don't get the wrong idea Earth knows about Magic But only in the form of stories Kevin is about to be rudely introduced to it and in a painful way He will also learn that Earth isn't alone but Earth will never find out There is a whole galaxy out there with other worlds that use Magic to travel Though the worlds are inhabited by those creatures we read about in stories Such as Werewolves Vampires Beasts Changelings Fairies and even Goblins to name a few But some are still on Earth if you look hard enough Though as a human you might not want to do that There's no such thing as spaceships going across the stars It's all done by Magical means as Kevin is about to find out His new trainer Marrisa is a no nonsense kind of gal with ears and a tail who doesn't take crap from anyone Except she is about to find that Kevin doesn't take kindly to her attitude But it seems that bounty hunters all have chips on their shoulders and Marrisa's chip is the size of a barn Can they work together or will Kevin have to ditch her and find someone else to train him No one wants to work with Marrisa but her bosses are telling her that Kevin's her problem now Join the pair as they try to figure out how not to kill each other And watch the sparks fly between them especially when a fellow female bounty hunter has a thing for Kevin
