## **Lu Xun Madmans Diary:**

*Diary of a Madman and Other Stories* Lu Xun, 2023-03-06 *Diary of a Madman* also translated as *A Madman's Diary* is a short story by the Chinese writer Lu Xun published in 1918. It was the first and most influential work written in vernacular Chinese in republican era China and would become a cornerstone of the New Culture Movement. Lu Xun's stories often critiqued early 20th century Chinese society and *Diary of a Madman* established a new language and revolutionary figure of Chinese literature: an attempt to challenge conventional thinking and traditional understanding. The diary form and the idea of the madman who sees reality more clearly than those around him were inspired by Nikolai Gogol's short story *Diary of a Madman*. Lu Xun's madman sees cannibalism both in his family and the village around him and he then finds cannibalism in the Confucian classics which had long been credited with a humanistic concern for the mutual obligations of society and thus used to justify the superiority of Confucian civilization. The story can be read as a sardonic attack on traditional Chinese culture and society and a call for a new culture. *Diary of a Madman* is the opening story in Lu Xun's first collection and has often been referred to as China's first modern short story. It was only the second modern vernacular Chinese story after Chen Hengzhe's *One Day*. It was selected as one of the 100 best books in history by the Bokklubben World Library and listed as one of the ten best Asian novels of all time by *The Telegraph* in 2014. Despite its success and dominance in Chinese literature, Lu Xun's stories took five years before they were widely recognized as notable works of literature. Before he published the *Diary*, Lu Xun was in a state of complete hopelessness and despair. His state of mind being unknown, readers during this time, except to the few individuals who were close to him. Thus *Diary of a Madman* with its use of foreign techniques was not easily comprehensible to most audiences at the time. The theme of cannibalism and notion of eating oneself sparked controversy and criticism among readers due to its ambiguity and interpretation as an extremely harsh criticism of general Chinese culture and traditional ideas. Lu Xun's attempts to cure the cultural malaise which exists in traditional Chinese society through his writings were not easily embraced. However, the unprecedented nature of the story and its salient themes and timely arrival captured the attention of many authors and commentators alike. Overall, Lu Xun's work serves as an account of historical change in republican era China and biting social criticism towards issues which still hold relevance in Chinese society today. Lu Xun's short stories were recognized as a significant work of modern classical Chinese literature reflecting the themes of Chinese society's struggle to break free from a culture of tyrannical imperial power which had ruled the country for millennia, the problematic social structure of Chinese society and the political issues of the time. *In the Face of Adversity* Thomas Nolden, 2023-02-20 *In the Face of Adversity* explores the dynamics of translating texts that articulate particular notions of adverse circumstances The chapters illustrate how literary records of often painful experiences and dissenting voices are at risk of being stripped of their authenticity when not carefully handled by the translator how cultural moments in which the translation of a text that would have otherwise fallen into oblivion instead gave rise to a translator who enabled its preservation while ultimately coming into their own as an author as a result and how the difficulties the translator faces in intercultural or transnational constellations in which prejudice plays a role endangers projects meant to facilitate mutual understanding The authors address translation as a project of making available and preserving a corpus of texts that would otherwise be in danger of becoming censored misperceived or ignored They look at translation and adaptation as a project of curating textual models of personal communal or collective perseverance and they offer insights into the dynamics of cultural inclusion and exclusion through a series of theoretical frameworks as well as through a set of concrete case studies drawn from different cultural and historical contexts The collection also explores some of the venues that artists have pursued by transferring artistic expressions from one medium into another in order to preserve and disseminate important experiences in different cultural settings media and arts
