Lutheran Liturgical Colors 2014:

The Collected Sermons of David Bartlett David L. Bartlett, 2020-01-21 This collection of fifty two sermons shows beloved New Testament scholar David Bartlett at his best Bartlett who died in 2017 spent his career teaching and mentoring preachers at The University of Chicago Divinity School Yale Divinity School Union Presbyterian Seminary and Columbia Theological Seminary as well as serving as a pastor in American Baptist churches Thus he has generations of friends and former students who knew him for his quick wit passion for justice and deep knowledge of the Bible Those traits show through in these sermons As Nora Tisdale says in the foreword All of the sermons in this volume give witness to Davids passion for preaching that is solidly grounded in the biblical text Most of them actually begin as Karl Barth urged preachers to begin with the biblical text If they dont begin there they always get there fairly quickly And Davids interpretations of texts often surprise the reader with their freshness and clarity In addition to individual sermons several multiweek sermon series including a series on Who Is Jesus and Great Words of the Faith are included Art and Architecture for Congregational Worship Richard S. Vosko, 2019-09-26 A deep strain of tribal politics is dividing societies around the globe Organized religions are also coping with scandals disappointments and polarizing ideologies The history of Christianity reveals that such frictions deeply wound the church Fr Richard S Vosko recognizes that liturgical buildings are metaphorical expressions of the people of God He proposes in a relational way that when all physical and psychological boundaries in a place of worship are removed people will discover a common ground Building on theological foundations and design principles Vosko envisions what an egalitarian servant church can look like In a bold but thoughtful manner he presents progressive insights into the fields of church art and architecture **Altar Guild and Sacristy Handbook** S. Mathis, 2022-02-15 This book addresses the vital role of public Christian worship in adolescent spiritual formation and shows how important youth ministry and worship ministry are to each other Despite numerous research projects books articles and resources that have been published about teenagers and about worship in recent years the relationship between the two has been addressed only peripherally if not altogether overlooked Drawing on his extensive experience in worship ministry and youth ministry Eric Mathis offers insights into the worship practices of teenagers corrects common misperceptions about

worship and critically examines four prominent worship models in current practice Mathis invites youth pastors worship leaders ministerial students and congregations to elevate the voices of young people in the worshiping community and enhance worship for all ages The book includes a foreword by Kenda Creasy Dean Orthodox Christianity and Gender Helena Kupari, Elina Vuola, 2019-10-17 The Orthodox Christian tradition has all too often been sidelined in conversations around contemporary religion Despite being distinct from Protestantism and Catholicism in both theology and practice it remains an underused setting for academic inquiry into current lived religious practice This collection therefore seeks to redress this imbalance by investigating modern manifestations of Orthodox Christianity through an explicitly gender sensitive gaze By addressing attitudes to gender in this context it fills major gaps in the literature on both religion and gender Starting with the traditional teachings and discourses around gender in the Orthodox Church the book moves on to demonstrate the diversity of responses to those narratives that can be found among Orthodox populations in Europe and North America Using case studies from several countries with both large and small Orthodox populations contributors use an interdisciplinary approach to address how gender and religion interact in contexts such as iconography conversion social activism and ecumenical relations among others From Greece and Russia to Finland and the USA this volume sheds new light on the myriad ways in which gender is manifested performed and engaged within contemporary Orthodoxy Furthermore it also demonstrates that employing the analytical lens of gender enables new insights into Orthodox Christianity as a lived tradition It will therefore be of great interest to scholars of both Religious Studies and Gender Studies *Catholic Almanac, 1991* Felician A.
