Lyn is a rather simple healer that has the ability to increase team members HP based on her own. She has a team wide cleanse and can even prevent debuffs from applying with her trances. At higher skillsets she can even provide a small amount of attack to your team members she heals. Her entire kit is tied with HP making it easy to build her for strong healing. Lyn is the best four star healer in the game so if patch 2.0 or I highly suggest investing in her and pairing her with characters like Blade who scale with HP!
