Middle Earth The Secret History Pandemonium:

Daring and Suffering: a history of the Great Railroad Adventure [i.e. the Andrews Railroad Raid.] ... With an introduction, by ... A. Clark William Pittenger,1863 **History of Armenia.** Movses Khorenatsi,2022-03-30 The medieval historian of the Armenian people Movses Khorenatsi was the first Armenian to give a wonderful account of the inception of his nation in Babylon the power struggles of the Armenian aristocracy and the final dissolution of the Armenian kingdom As the author said about his compatriots For although we are a small garden and are very limited in number and deprived of power and have been conquered by other nations many times still in our country there have been many feats of courage worthy of being immortalized in writing which however none of them cared to record in books The Armenian historian provided a very honest description of the Armenian society not being shy to praise the heroic exploits of some Armenians such as the courageous founders of the Armenian people Hayk and Aram the brave king Tigran the wise inventor of the Armenian script Mesrop Mashtots and concurrently being brutal in his criticism of others Therefore while mourning my people I will say as Paul said about his enemies and the foes of the cross of Christ using not my own but the Holy Spirit s words A flawed and disappointing clan the clan unsettled in heart and unfaithful to God in its spirit People of Aram How long will you be hard hearted why do you love vanity and godlessness Do you not realize that the Lord has magnified his saint and that the Lord will not hear when you call to him For you have become hardened in the Fall and do not repent on your lounges for you make unlawful sacrifices and despise those who trust in God The book consists of 3 parts the genealogy of Great Armenia the Middle history and the completion of the history The final chapter of the book ends with the lament over the loss of the Armenian kingdom I mourn you the Armenian country mourn you the noblest of all the northern countries for the king and the priest the mentor and the teacher were taken away from you the world got disturbed the disorder took root the orthodoxy got shaken the ignorance affirmed other faith I am sorry for you the Armenian church which has lost the beauty of the altar deprived of a brave pastor and his companion I no longer see your intelligent herd grazing on a green meadow and near the waters of rest or gathered in a sheepfold and protected from the wolves but I see it scattered across the wastelands and the steep mountains **Beacon Lights of History: The middle ages. Renaissance and reformation John Lord,1921 A Cultural History of Race in the Middle Ages Thomas Hahn,2023-06-01 This volume presents a comprehensive and collaborative survey of how people individually and within collective entities thought about experienced and enacted racializing differences Addressing events texts and images from the 5th to the 16th centuries these essays by ten eminent scholars provide broad multi disciplinary analyses of materials whose origins range from the British Isles Western Iberia and North Africa across Western and Eastern Europe to the Middle East These diverse communities possessed no single word equivalent to modern race a term raza for genetic religious cultural or territorial difference that emerges only at the end of

the medieval period Chapter by chapter this volume nonetheless demonstrates the manifold beliefs practices institutions and images that conveyed and enforced difference for the benefit of particular groups and to the detriment of others Addressing the varying historiographical self consciousness concerning race among medievalist scholars themselves the separate analyses make use of paradigms drawn from social and political history religious environmental literary ethnic and gender studies the history of art and of science and critical race theory Chapters identify the eruption of racial discourses aroused by political or religious polemic centered upon conversion within and among Jewish Christian and Islamic communions and inspired by imagined or sustained contact with alien peoples Authors draw their evidence from Hebrew Latin Arabic and a profusion of European vernaculars and provide searching examinations of visual artefacts ranging from religious service books to maps mosaics and manuscript illuminations
