Mieke Maaikes Obscene Jeugd Louis Paul Boon:

Dutch and Flemish Literature as World Literature Theo D'haen, 2019-07-25 The recent return of world literature to the centre of literary studies has entailed an increased attention to non European literatures but in turn has also further marginalized Europe's smaller literatures Dutch and Flemish Literature as World Literature shows how Dutch language literature from its very beginnings in the Middle Ages to the present has not only always taken its cue from the major literary traditions of Europe and beyond but has also actively contributed to and influenced these traditions The contributors to this book focus on key works and authors providing a concise yet highly readable history of Dutch language literature and demonstrating how this literature is anchored in world literature

Life Itself Annie van den Oever, 2008 Life Itself is the first book length study in English of the great Flemish writer Louis Paul Boon A M A van den Oever begins by questioning the paradox between Boon's international reputation as a significant innovator of the novel and the peculiarly reductive biographical interpretations regularly uttered by some of his fellow countrymen and contemporaries She looks for answers in Boon's misinterpreted primitive Flemish and analyzes the so called refined pseudo primitive style within both the grotesque tradition Kafka van Ostaijen Gogol and the skeptical radical tradition of Nietzsche In addition she offers fresh insight into Boon's character Boontje seen by many as a diminutive for the writer himself outlining the sublime and slightly sinister relation of this quasi comical character to its mighty creator
