Naming the Elephant James W. Sire, 2014-12-31 In this companion volume to *The Universe Next Door* James W Sire offers his refined definition of a worldview and addresses key questions about the history of worldview thinking the existential and intellectual formation of worldviews the public and private dimensions of worldviews and how worldview thinking can help us navigate an increasingly pluralistic universe

An African Worldview Ian D. Dicks, 2012 In this book Ian Dicks informs the reader about the ways in which the Yawo of Malawi view the world The Yawo are predominantly Muslim yet many maintain strong links with their traditional religion They are a largely oral society teaching and reinforcing their beliefs and practices using oral literature which includes myths proverbs proverbial stories songs of advice and prayers at various stages of the life cycle particularly during initiation events Ian Dicks describes in detail the Yawo s material world customs beliefs and rituals and juxtaposes these with Yawo oral literature He then examines them under six worldview categories the result being a rich description of the way in which the Yawo see the world This book is not an armchair study but has the feel of being written by an eyewitness by someone who has had first hand experience of the subject and who seeks to describe this in a manner which is sensitive to the Yawo and their culture

Aazheyaadizi Mark D. Freeland, 2020-12-01 Many of the English translations of Indigenous languages that we commonly use today have been handed down from colonial missionaries whose intent was to fundamentally alter or destroy prior Indigenous knowledge and praxis In this text author Mark D Freeland develops a theory of worldview that provides an interrelated logical mooring to shed light on the issues around translating Indigenous languages in and out of colonial languages In tandem with other linguistic and narrative methods this theory of worldview can be employed to help root out the reproduction of colonial culture in Indigenous languages and can be a useful addition to the repertoire of tools needed to return to life giving relationships with our environment These issues of decolonization are highlighted in the trajectory of treaty language associated with relationships to land and their present day importance This book uses the 1836 Treaty of Washington and its contemporary manifestation in Great Lakes fishing rights and the State of Michigan s 2007 Inland Consent Decree as a means of identifying the role of worldview in deciphering the logics embedded in Anishinaabe thought associated with these relationships to land A fascinating study for students of Indigenous and linguistic disciplines this book deftly demonstrates the significance of worldview theory in relation to the logics of decolonization of Indigenous thought and praxis

The Metaphysics of Historical Jesus Research Jonathan Rowlands, 2015-10-15 In this book Rowlands interrogates the theological and philosophical foundations of the Quest for the historical Jesus from Reimarus to

the present day culminating in a call for greater metaphysical transparency and diversity in the discipline This multidisciplinary approach to historical Jesus research drawing on historiography sociology philosophy and theology makes a significant and original contribution to the field Part I outlines the implicit role of metaphysical presuppositions in historical methodology by examining the concept of an historiographical worldview Part II provides an overview of the Quest for the historical Jesus demonstrating that the disparate historiographical worldviews operative in the Quest evidence a particular shared characteristic in that they might accurately be described as secular Rowlands study concludes with a call for a greater plurality and openness regarding the philosophical and theological presuppositions at work in historical Jesus research The Metaphysics of Historical Jesus Research is of interest to students and scholars working on New Testament studies and historical Jesus research *The Universe Next Door* James W. Sire, 2009-08-20 For more than thirty years The Universe Next Door has set the standard for an introduction to worldviews In this fifth edition James Sire offers concise and clear introductions to theism deism naturalism Marxism nihilism existentialism Eastern monism New Age philosophy and postmodernism Features a new chapter on Islam Setting a Sustainable Trajectory Rob Lindemann, 2018-01-03 Many Christian colleges promote worldview formation as part of their purpose and learning objectives An institution teaches a worldview with intentionality enculturates it through community life reinforces it through human interaction and passes it on through symbols and stories Accreditation standards often require colleges to demonstrate how their programs support the development of a biblical worldview This requirement necessitates a search for teaching and assessment approaches that can best serve this essential goal In this book the author reports on qualitative research with Bible colleges and offers a pedagogical theory for supporting students lifelong development of worldview This theory shows how college teachers can clarify their goals set relevant objectives employ effective teaching strategies and design helpful assessment methods

God's Judgments Steven J. Keillor, 2007-01-11 What do God's judgments have to do with history Using historical events Steven J Keillor pursues the thesis that divine judgment can be a fruitful category for historical investigation and that Christianity is an interpretation of history more than a worldview or philosophy Focus Tony Watkins, 2007 People love films Whether it is going out for an evening to the cinema or curling up at home with a DVD movies are one of our favourite forms of entertainment It is important for our Christian growth that we learn to watch films thoughtfully rather than just seeing them as entertainment It is important that we understand the messages which films communicate and how they relate to the good news of Jesus Christ There are also important sections on questions to consider when watching a film and the problem of content sex and violence **Perspectives on Science and Christian Faith**, 2007 **The Universe Next Door** James W. Sire, 2020-08-04 For more than forty years The Universe Next Door has set the standard for an introduction to worldviews This sixth edition uses James Sire's widely influential model of eight basic worldview questions to examine prominent worldviews that have shaped the Western world critiquing each worldview within its own frame of reference and

in comparison to others **Christian Scholar's Review** ,2004 **Taking Off Roofs and Building Bridges** Alan J. Pihringer,2022-09-27 Why don t they believe the same things I do Why don t they see things my way We get frustrated when people hold differing opinions from ours or view life s major issues from conflicting angles Their system of belief their worldview seems foreign to us as they filter the events of this world in ways that we would never have imagined and then come to conclusions that we would never even consider When other peoples worldviews contradict ours both of us cannot be right Is there a way to account for the differences and determine if one is right and the other wrong For the Christian especially can we defend the Christian worldview in a way that upholds our entire system of belief and then opens the door to share the gospel with those who believe differently from us The method of worldview apologetics enables the Christian to expose the faults in other worldviews demonstrate the truth of the Christian worldview and build a bridge for others to hear the gospel of Jesus Christ Both scholarly and practical worldview apologetics equips the Christian to assess and critique differing belief systems and fulfill the call to Great Commission outreach Journal of Christian Education ,2004 **One World, Many Neighbors** Perry C. Cotham,2008 Is there a God who calls us to a discipleship of our minds What is the uniqueness of Christianity Do the major non Christian worldviews and world religions have any insights or inspiration to offer those who have chosen the Christian journey Is God at work within the various religions drawing people to himself Addressing provocative questions like these Professor Perry Cotham challenges readers to re examine long held attitudes on life s most crucially important issues **The Army Journal** ,2014 The Publishers Weekly ,2004 Missiology ,2008 An international review **The Concept of Worldview and Its Impact on Teaching** Eduard Pop,2021-03-04 Abstract This text examines how worldviews are conceptualised investigated and understood and what relevance these insights have for education The research focus is structured in three parts First an overview of the origin application and evolution of the meaning of the concept of worldview is given This part shows the philosophical origin of the concept and serves as a fundamental understanding Building on this a clear definition of the concept of worldview is formulated Second a classification of worldview models is presented and current philosophical worldview models are presented and compared The aim is to come to an understanding of the application of the concept of worldview and to gain an insight into the analysis of worldviews through the use of current philosophical worldview models In the last part three different teaching approaches in dealing with students worldviews are presented and dangers possibilities and practical examples are shown Introduction Worldview is a concept that has been portrayed in various ways It has been studied in different research areas using a plethora of definitions and applying the concept to various approaches in a seemingly arbitrary way This has led to a muddled understanding of what a worldview is and how it functions Naming the Elephant Worldview as a Concept the title of the book written by James W Sire 2014 suggests that worldview can be conceptualised in a coherent way What is more Sire uses the analogy of the English metaphorical idiom the elephant in the room to hint at the importance of addressing

worldview as a concept This understanding will be echoed in this text with the aim of providing a conceptual clarification of worldview and applying it to the specific context of ethics education The importance of the study of worldview can be further emphasised with the statement made by Rousseau and Billingham 2018 3 The general significance of worldviews lies in this everyone has one and it constitutes a set of beliefs that guides their judgment making and action taking in all spheres of activity Consequently the elephant is not only in the room but active in everyone and worth investigating
