Literary Contexts in Novels, 2006 **Rushdie's *Midnight's Children*** Meenakshi Mukherjee, 1999. This volume brings together ten essays on *Midnight's Children* (1980) and an interview with Salman Rushdie that discuss this seminal novel from different perspectives: Rushdie's innovative use of history and memory; his experiments with language and narrative mode; the novel's status as the paradigmatic postcolonial text; its intertextuality and self-reflexivity; the influences on the novel as well as its influence on subsequent novels; the author's relationship with India as an insider-outsider. Are some of the many issues explored by the critics? **In what ways can Salman Rushdie's *'Midnight's Children'* be called a 'novel of partition'?** Martin Lieb, 2008-05-19. Seminar paper from the year 2003 in the subject English Language and Literature Studies. Literature grade 66%. University of Sussex. University of Sussex Humanities course. Postcolonial Perspectives. language: English. abstract: I will not quite deal with the novel just under this focus as the question was probably intended to be but I will also discuss the book under the aspect of East and West. Orient and Occident if such separations are possible is certainly another question and maybe make some references to Rushdie's more recent novels. the ground beneath her feet and *Fury*. *Midnight's Children* tells the life story of two children who are born exactly at the stroke of midnight on August 15th 1947, the day India and Pakistan achieved their independence from Great Britain in a hospital in Bombay. They are exchanged at birth and so the narrator Saleem Sinai grows up in a well-to-do Muslim family while his later rival Shiva has to live in a low-caste Hindu environment. Shiva is not even raised by Saleem's biological father since his wife who dies right away has been unfaithful to her husband with a departing English colonist. Rushdie intermingles the life and family story of Saleem who tells it orally and in his probably dying days to a young woman named Padma with the history of the Indian subcontinent in his 30 years of life. Together with India 1001 children see the reference to Princess Scheherazade and the Oriental Arabian Stories of 1001 Nights are born in the hour of midnight who all develop special gifts: one can travel through time, the other can change sexes and Saleem becomes capable of telepathy which makes him an omniscient narrator and with Shiva closest to midnight and so most powerful, the possible head over the midnight parliament in which he could gather all the *Midnight's Children* to save the nation but the project is not undertaken because it would reveal Shiva now a brutal killer and India's greatest war hero the truth about his parents. In this summary of the plot which is not totally correct I think I have already done a little bit of interpretation but now I will devote myself fully to the discussion of the essay question and the differences between East and West as presented by Rushdie and maybe point to a few developments he seems to have made in his recent novels. *Salman Rushdie's *Midnight's Children** Pradip Kumar Dey, 2008-12-1. 1.
