## **Japan S National Interests In Taiwan:**

**Japan's National Interests in Taiwan** Naval Postgraduate School,2014-10-26 The U S Japan alliance continues to be the cornerstone of the U S led security structure in East Asia Within the parameters of this alliance the unresolved status of Taiwan still presents one of the most precarious security situations in the region one that could lead to a major war with China Within the larger scope of U S China Japan Taiwan relations Japan and Taiwan s relationship would generally be considered the least prominent of all possible combinations Despite this reality when pulling back the veneer from this seemingly tertiary regional relationship there is a depth of interaction that is difficult to categorize and that has the potential to greatly influence security and stability in the region This thesis examines Japan and Taiwan s special relationship through the lens of Japan s national interests and assesses the implications for the future of the U S Japan alliance **China-Taiwan Relations in a Global Context** George Wei,2012-07-26 This book traces the development of Taiwan s relations with its diplomatic partners and its policy towards the political opponents of its political opponent mainland China Paying particular attention to the powers that could exercise great influence in the future of East Asia China Taiwan Relations in a Global Context examines the main diplomatic strategies of Taiwan and its counterparts and the major problems for Taiwanese foreign relations To date there is very little scholarship which examines the Taiwan Issue outside of the triangular Beijing Washington Taipei framework this book does exactly that The contributors examine the development of Taiwan s relationship with less prominent countries and governments and attempt to ascertain how such examinations could give rise to new variables that help explain the strategy and purpose of Taiwan s foreign policy as well as the reaction and response of mainland China This book provides readers with vital information about Taiwan s foreign policymaking and introduces rarely told stories about Taiwan s foreign relations The research demonstrates the ceaseless and unyielding diplomatic efforts of the Taiwanese for survival in a shrunken international space and renders for readers a better understanding of the complexity of Taiwan s relations with the rest of the world This book is essential reading for anyone interested in Taiwan studies Chinese politics Cross Strait relations and Asian foreign policy **America's Security and Taiwan's Freedom** Lí Thian-hok,Thian-hok Li,Li Thian-Hok,2010 The greatest threat to the U S s homeland security is not a terrorist attack with a dirty bomb it is an unexpected nuclear Pearl Harbor Author Taiwan s democratic achievement and vision of the future are consistent with the American experience Will Beijing eventually follow such a course Decisions are still to be made and there are limits to how effectively the U S can influence these decisions But we can and we must continue to support Taiwan Its security is ultimately our security Of that we can be sure the late Congressman Gerald B H Solomon L explains how America s security hinges on Taiwan s survival as an independent democracy *Enhancing East Asian Security Coordination* Dean Karalekas,Fu-kuo Liu,Masahiro Matsumura,2024-09-03 The war in Ukraine has surpassed the predictions of countless analysts and armchair generals since it began in February 2022 The steadfastness and effectiveness of Ukrainian defense

efforts have prompted political leaders and defense planners in East Asia to re evaluate many assumptions that previously guided their regional policy especially regarding tensions in the Taiwan Strait While the threat of armed attack by the People s Republic of China PRC had long been seen as a vague possibility many believed that in the postmodern era territorial aggression between sovereign countries belonged to the past Vladimir Putin s invasion of Ukraine exposed the fallacy of this belief Consequently plans and preparations for a potential attack on Taiwan by a similarly assertive leader like China s Xi Jinping have now been prioritized and addressed with renewed urgency Japan second only to Taiwan in vulnerability faces significant risks to the geopolitical stability of the region should such an event occur Given the heightened stakes analysts and planners in East Asia must take a sober look at the situation and develop innovative strategies to ensure an effective defense recognized as the most potent deterrent against potential Taiwan contingencies This book examines these issues from various angles emphasizing the critical need for proactive measures In this compelling analysis the authors of the chapters delve into the unexpected and prolonged conflict in Ukraine a war that has reverberated through global geopolitical thought The resilience of Ukraine s defense forces has necessitated a critical reassessment in East Asia particularly concerning longstanding tensions in the Taiwan Strait The stakes are higher than ever making an effective defense the key to deterring future geopolitical challenges in the region This book scrutinizes the situation from diverse perspectives emphasizing the imperative for East Asian analysts and planners to develop innovative solutions to safeguard against potential Taiwan contingencies

**Great Power Strategies - The United States, China and Japan** Quansheng Zhao,2022-09-05 This book provides a comparative study of the strategies of great powers in the Asia Pacific namely the United States China and Japan known as the Pacific Three It examines the evolution of each power s strategic thinking and analyzes the three powers respective foreign policies and internal debates in the policymaking process It analyzes the three countries conflict and cooperation from past to the present It stresses the importance of the interactions between internal and external factors in the policymaking process and emphasizes the great significance of these interactions for international relations theory For example it highlights the role of strategic advisers in think tanks and government agencies in the United States Japan s informal and balanced policymaking process and the impact of traditional culture in China especially Confucianism and the part played by Chinese think tanks

*Geopolitics, Military Modernisation and the Future of the Indo-Pacific* Bates Gill,Adam Lockyer,Yves-Heng Lim,Andrew T. H. Tan,2024-08-02 This book examines to what extent geopolitics explains the current wave of force modernisation in the Indo Pacific region Examining the leading Indo Pacific nations in terms of defence spending the United States China India Japan South Korea Australia Taiwan Singapore Pakistan Indonesia and Thailand geopolitical principles are used to create hypotheses that can be tested against the military modernisation programmes of the major actors in the Indo Pacific region The book represents a bridge between reference works and the literature on international politics in the Indo Pacific The empirical chapters provide qualitative narratives that

explore the force postures military modernisation and procurement patterns of the cases and assess why these nations military modernisation has followed particular courses and evaluate this evidence against the expectations of geopolitics and its rivals This book will be a valuable addition to scholars practitioners and indeed anyone interested in the future stability of one of the world s most important and dynamic regions **The Far-Eastern Review**, 1923 **Survey of China Mainland Press** United States.
