Life Science Focus Memorandum November 2014

IM Harris

Life Science Focus Memorandum November 2014:

The Truth Pill Dinesh Singh Thakur, Prashant Reddy Thikkavarapu, 2022-10-10 Since 2004 when the fraud at Ranbaxy the largest Indian pharmaceutical company at the time first came to light the Indian pharmaceutical industry and clinical research organizations have been rocked by a series of scandals after investigations by American and European drug regulators While the West has responded to concerns about quality of Made in India medicine by blocking exports from many Indian pharmaceutical companies the Indian government responded not with regulatory reform but conspiracy theories about vested interests working against India More worryingly the Indian state has also turned a blind eye to a far more serious quality crisis in its domestic pharmaceutical market At times these quality issues manifest themselves in the deaths of Indian citizens as happened in early 2020 when 11 children died in Jammu because of adulterated cough syrup On other occasions a dodgy drug approval process has led to the Indian regulator approving sales of drugs that have never been approved by regulators in the developed markets The result is not just poor health outcomes but outsize profits for pharmaceutical companies manufacturing medicines that have never been validated through scientifically rigorous clinical trials for therapeutic evidence These twin crises in both the domestic and export markets is because India has either outdated regulations or no regulations in some areas Even the outdated regulations are enforced with kid gloves by drug inspectors and judicial magistrates who are ready to forgive even those whose drugs are found to contain barely any active ingredient or dangerously high levels of bacterial endotoxins In a race for growth of the pharmaceutical industry the Indian state has sacrificed scientific rigour and ignored the basic principles of public health Given India's position as the pharmacy of the developing world the failure of the Indian state is a problem for not just India but most of the developing world This timely important and compelling book based on deep research questions and analyzes the actions of the institutions that are responsible for the safety and efficacy of the Indian drug supply in the context of the historical evolution of the Drugs Act 1940 from pre Independence India to the present day The future of Indian public health lies in responding to the issues raised in this book

Beautiful Trauma Rebecca Fogg, 2023-04-04 A compelling account of surviving a freak accident and a fascinating exploration of the science of trauma and recovery Late one night while Rebecca Fogg was alone in her apartment her hand was partially amputated in an explosion Quick thinking saved her life but the journey to recovery would be a slow one As the doctors rebuilt her hand Rebecca who also survived 9/11 began rebuilding her sense of self by studying the physical and psychological process of recovery Interspersing the personal with the medical Rebecca charts her year of rehabilitation touching on the marvelously adaptable anatomy of the hand how the brain's fight or flight mechanism enables us to react instantly to danger and why trauma causes some people to develop PTSD and gives others a whole new lease on life Told with emotional and intellectual clarity Beautiful Trauma is a celebration of the resilience of the human spirit and the wonder of the human hand

Neither use nor ornament Tracey Potts, 2024-06-18 Neither use nor ornament is a book

about personal productivity narrated from the perspective of its obstacles clutter and procrastination It offers a challenge to the self help promise of a clutter free life lived in a permanent state of efficiency and flow The book reveals how contemporary projections of the good productive life rely on images of failure Riffing on the aphorism less is more a dominant refrain in present day productivity advice it tells stories about streamlining efficiency and tidiness over a time period of around 100 years By focusing on the shadows of productivity advice Neither use nor ornament seeks to unravel the moral narratives that hold individuals to account for their inefficiencies and muddles

The SAGE Handbook of Curriculum, Pedagogy and Assessment Dominic Wyse, Louise Hayward, Jessica Pandya, 2015-12-03 The research and debates surrounding curriculum pedagogy and assessment are ever growing and are of constant importance around the globe With two volumes containing chapters from highly respected researchers whose work has been critical to understanding and building expertise in the field The SAGE Handbook of Curriculum Pedagogy and Assessment focuses on examining how curriculum is treated and developed and its impact on pedagogy and assessment worldwide The Handbook is organised into five thematic sections considering The epistemology and methodology of curriculum Curriculum and pedagogy Curriculum subjects Areas of the curriculum Assessment and the curriculum The curriculum and educational policy The SAGE Handbook of Curriculum Pedagogy and Assessment s breadth and rigour will make it essential reading for researchers and postgraduate students around the world

Competition Law of the European Union Van Bael & Bellis, 2021-03-01 This new Sixth Edition of a major work by the well known competition law team at Van Bael the extensive case law in the field of cartels including in relation to cartel facilitation and price signalling important Article 102 rulings concerning pricing and exclusivity including the Post Danmark and Intel judgments as well as standard essential patents the current block exemption and guidelines applicable to vertical agreements including those applicable to the motor vehicle sector developments concerning online distribution including the Pierre Fabre and Coty rulings the current guidelines and block exemptions in the field of horizontal cooperation including the treatment of information exchange the evolution of EU merger control including court defeats suffered by the Commission and the case law on procedural infringements the burgeoning case law related to pharmaceuticals including concerning reverse payment settlements the current technology transfer guidelines and block exemption procedural developments including in relation to the right to privacy access to file parental liability fining methodology inability to pay and hybrid settlements the implementation of the Damages Directive and the first interpretative rulings As a comprehensive up to date and above all practical analysis of the EU competition rules as developed by the Commission and EU Courts this authoritative new edition of a classic work stands alone Like its predecessors it will be of immeasurable value to both business persons and their legal advisers

Reexamining the Federal Role in Higher Education Rebecca S. Natow, 2022 This book provides a comprehensive description of the federal government s relationship with higher education and how that relationship became so expansive and indispensable over time Drawing
