McMahon, 2016-02-05 Africa is changing and it is easy to overlook how decentralization democratization and new forms of illiberalism have transformed federalism political parties and local politics Chapters on Kenya Nigeria Ethiopia and South Africa help fill an important gap in comparative institutional research about state and local politics in Africa **Informal Sector Innovations** Mammo Muchie, Saradindu Bhaduri, Angathevar Baskaran, Fayaz Ahmad Sheikh, 2017-10-02 It is well documented that the space of informal economic activity is rising across the globe This rise has been particularly significant in the least developed and developing countries especially after the onset of neo liberal policies and withdrawal of welfare state There has also been a shift in academic thinking on informal sector with attempts being made to understand the contribution of informal sector in generating employment and economic growth rather than focusing solely on exploitative labour conditions in these economic activities Indeed with the retreat of welfare state and the introduction of contract labour in the formal sector many issues related to occupational hazards and improper labour conditions do not remain unique to the informal sectors of the economy particularly in less developed countries This volume addresses a specific concern the issue of knowledge generation and innovative activities which lies at the core of sustained competitive advantage of these activities The chapters in this book were originally published in the African Journal of Science Technology Innovation and Development **Breakthrough: Corporate South Africa in a Green Economy** Godwell Nhamo, 2014-05-05 This book addresses hot issues pertaining to the manner in which corporate South Africa has engaged the emerging green global economy Firstly the book profiles the green and low carbon economy landscape in South Africa and interfaces it with global trends This way the book aligns very well in terms of the Rio 20 outcomes on The Future We Want that fully embraces the green global economy in the context of sustainable development and poverty eradication The rest of the chapters in the book profile breakthroughs from selected companies The book also comes as the second in a series that is addressing global and national concerns on the green global economy agenda The first book entitled Green Economy and Climate Mitigation Topics of Relevance to Africa was produced as part of the 17th Session of the Conference of Parties collaborative work carried out by the Institute of Global Dialogue the Africa Institute of South Africa and Unisa s Institute for Corporate Citizenship The book Breakthrough Corporate South Africa in the Green Economy comes in seven parts Part I focuses on the Green Economy Landscape This part considers both the international and national perspectives Parts II VI present different sector initiatives namely Mining and Energy Part II Banking and Insurance Part III Forest and Paper Part IV Industrial Part V and Retailing and Aviation Part VI The last part is made up of a single chapter dealing with Emerging Issues and Way Forward **Trust, Courts and Social Rights** David Vitale, 2024-02-15 Proposes an innovative legal framework for judicially enforcing social rights that is rooted in public trust in government **South African Foreign Policy** David R Black, David Hornsby, 2018-04-19 This book considers the identity
